**THE NYAMIRA COUNTY ANIMAL DISEASES
CONTROL ACT, 2014**

**AN ACT of the County Assembly of Nyamira to
provide for matters relating to the diseases of
animals and for connected purposes.**

Enacted by the County Assembly of Nyamira as follows—

PART I—PRELIMINARY

1. This Act may be cited as the Nyamira County Animal Diseases Control Act, 2014 and shall come into operation on such date as the Governor may by notice in the Gazette appoint.

Short title and commencement.

2. In this Act, unless the context otherwise requires:—

Interpretation.

“Administrative officer” includes a veterinary officer and or any other person with knowledge on animal husbandry and Production;

“Animal disease” means any disease of an animal and includes a notifiable disease;

“Animals” means mammals, birds, reptiles, bees and life stages of fish, molluscs, crustaceans and amphibians whether originating from aquaculture establishments or removed from the wild and released to the environment, for human consumption or for ornamental purposes;

“Director” means a veterinary officer appointed by the County Government of Nyamira for the purposes of this Act;

“infected area” means any area declared by the Director to be an area infected by a notifiable disease;

“inspector” means a person appointed an inspector for the purposes of this Act by or under section 3;

“notifiable disease” includes cattle plague (rinderpest), anthrax, contagious bovine pleuro-pneumonia, tuberculosis, East Coast fever, epizootic or ulcerative lymphangitis, rabies, foot-and-mouth disease, sheep-pox, scab, swine-fever, swine erysipelas, glanders, farcy, surra, trypanosomiasis, heartwater, mange (scabies) in horses and mules, bacillary white diarrhea and pullorum disease, fowl

pest, lumpy skin disease, paratuberculosis (Johnes disease), atrophic rhinitis and scrapie and any other contagious or infectious disease of animals that the The Director may, by notice in the Gazette, declare to be a notifiable disease for the purposes of this Act:

Provided that the Director may, by notice in the Gazette, remove from this definition the name of any notifiable disease included therein;

“reasonable time” means within 24 hours;

“stock” includes camels, cattle, sheep, goats, horses, mules, donkeys, swine, birds and bees;

“this Act” includes any rules made thereunder;

“veterinary officer” means a veterinary officer in the employment of the County Government or the Director.

“Veterinary Paraprofessional” Shall have the meaning assigned to it in the Veterinary Surgeons and Paraprofessional act 2011;

“Veterinary Surgeon” Shall have the meaning assigned to it in the Veterinary Surgeons and Paraprofessional act 2011.

3. (1) The Director may appoint such qualified persons, or such qualified category of persons, to be inspectors as may be necessary for the purposes of this Act.

Inspectors.

(2) Every Animal Health officer, Assistant Animal Health officer and Animal Health assistant in the employment of the County Government shall be an inspector for the purposes of this Act

4. (1) A person having in his possession or charge an animal infected with a notifiable disease or suspected of being infected with a notifiable disease shall —

Animals Affected with Notifiable Disease.

- (a) keep such animal tied up or enclosed in a boma or other enclosed place and kept separate from other animals not so infected or suspected of being infected; and
- (b) forthwith give notice of that fact to the nearest administrative officer or inspector;

and for the purposes of this subsection any animal lawfully on a farm with the agreement of the owner or occupier shall be deemed to be in the possession or charge of the owner or occupier of such farm.

(2) Any veterinary surgeon who has reason to believe or suspect that any notifiable disease exists on any farm or in any area shall, notwithstanding subsection (1), forthwith give notice of that fact to the nearest administrative officer or inspector.

(3) Any administrative officer or inspector to whom notice is given under subsection (1) or subsection (2) shall

- (a) within reasonable time enter, inspect the premises, and examine any suspected animal therein;
- (b) take specimen of the animal whether dead or alive for the purposes of ascertaining the existence and nature of the notifiable disease require the person having;
- (c) require the owner of the animal to deliver a specimen of its carcass for purposes of ascertaining the existence and nature of the notifiable disease within a reasonable time.

(4) An administrative officer or inspector shall, on being satisfied of the existence or suspected existence of a notifiable disease within the county, forthwith cause all owners or occupiers of farms and owners of stock to be notified of the outbreak, and shall further inform the most senior veterinary officer in the adjoining county.

(5) Any person who contravenes any of the provisions of subsection (1) or subsection (2) or subsection (3) shall be guilty of an offence.

5. The Director may, by notice in the County Gazette—

Power to Declare
Areas Infected.

- (a) declare any area to be an area infected by notifiable disease;
- (b) extend, diminish or otherwise alter the limit of an area declared to be an infected area;
- (c) declare any such infected area to be free from

notifiable disease; and

- (d) for the purpose of preventing notifiable disease prohibit the movement of animals within, into or out of the county.

6. (1) In the absence of other provisions made by rules under this Act in respect of infected areas —

Provisions
Affecting
Infected Areas.

- (a) no stock shall be moved from or into any infected area or from place to place within such area without the written permission of the Director, or of any person authorized in writing by the Director to give such permission;
- (b) no animal shall be moved from any such area unless previously disinfected and treated in the manner directed by the Director or by any person so authorized in writing by him;
- (c) all stock in any such area shall be herded as far as possible from any public road, and shall not graze on any road reserve;
- (d) the Director or any person so authorized in writing by him may require the owner or person in charge of any animal or animals within any such area to isolate such animal or animals from other animals within the infected area or to remove such animal or animals from such area;
- (e) no person having handled infected animals shall leave any such area without having complied with such reasonable precautions for preventing the spread of notifiable disease as may be required by the veterinary officer or inspector in charge of the Area;
- (f) the carcasses of all animals infected with notifiable disease shall be disposed of in accordance with any general or specific instructions issued by a veterinary officer or an inspector.

(2) Any person who contravenes any of the provisions of subsection (1) shall be guilty of an offence.

7. (1) The Director may by notice in the County Gazette, prohibit for such time as he thinks necessary, or regulate, the importation or the exportation of all animals or any specified kinds of animals, or of carcasses, meat, hides, skins, hair, wool, litter, dung, live viruses capable of setting up infections in animals, sera, vaccines and other biological or chemical products intended to be used for the control of animal disease or fodder, from any specified county, port or territory.

Power to Prohibit
Importation of
Animals.

(2) Any person who contravenes the provisions of any notice issued under subsection (1) shall be guilty of an offence.

8. (1) The CEC member with the approval of the County Assembly may make rules for the better carrying out of this Act, and in particular, but without prejudice to the generality of the foregoing power, such rules may provide for—

Regulations.

- (a) the examination, testing, isolation, inoculation, removal, disinfection, branding and slaughter of animals infected or suspected of being infected with any disease or such animal which may have been in contact a disease
- (b) prescribing and regulating the destruction, burial, digging up, disposal or treatment of any carcass or of any fodder, litter, utensils, pens, hurdles, faeces or any other thing being in an infected premises or removed therefrom;
- (c) regulating the movement of animals within the county;
- (d) prohibiting the movement of animals into an area in which there is suspected to be any disease, and for prohibiting or restricting the removal from any such area of any animal, carcass, litter, fodder, animal product, biologic or any other thing by means of which disease may be carried;
- (e) declaring any area to be a controlled area for purposes connected with the control of any disease and for eradicating such disease from

such area and for preventing its introduction or re-introduction thereto and for prohibiting and restricting the movement of any animal from any such area;

- (f) the disinfection of persons, including the clothing of persons, who have been in contact with or employed about animals which are suffering or suspected to be suffering from disease;
- (g) for the reporting of cases of disease or death amongst animals;
- (h) for the disinfection of buildings or places wherein animals infected with disease have been stalled or kept, and the disinfection and cleaning of public markets, private sale yards, airports and sea ports, railway premises, railway vans, trucks and carriages wherein any animal shall have been placed, kept or carried;
- (i) prohibiting in any place where disease exists the performance of any local customs likely to lead to the dissemination of such disease;
- (j) requiring or regulating the branding of animals, prescribing the brands which may or shall be used and providing for the registration of brands;
- (k) for the appointment of officers to carry out the provisions of any regulations made under this Act and conferring upon them all necessary powers;
- (l) prescribing and regulating the seizure, detention, disposal and forfeiture of any animal in relation to which any breach of any regulation under this Act or of any order or instructions under any such regulation has been committed and for determining the person who shall be liable to defray the expenses of such seizure, detention, and disposal;
- (m) prescribing the fees to be paid for any examination, inoculation, testing, disinfection,

or for any certificate, licence, permit or other things issued or done under any regulation made under this Act, and the payment to be made for the feeding and stabling of any animal in quarantine;

- (n) prescribing the cases in which compensation may be paid to the owners of any animal slaughtered, or to the owners of any carcass destroyed because it is suspected of being infected with disease, under powers conferred by any provisions of this Act and determining the amount of such compensation and the funds out of which such compensation shall be paid;
- (o) prescribing the proof required that an animal or carcass is infected with disease or is suspected of being infected with disease;
- (p) prescribing and regulating the construction, position and proper sanitary maintenance of any place where an animal is kept; and
- (q) generally for the prevention of the introduction and spread of any disease and for giving effect to the purposes of this Act.

(2) Any regulations made under this Act shall have effect from the date of its publication in the *County Gazette* or such later date as may be specified therein.

(3) When an owner or person in charge of any animal suffering from disease is charged with an offence against any of the provisions of this Act, he shall be presumed to have known of the existence of such disease in such animal unless he satisfies the court that he had no such knowledge and could not within reasonable time have obtained such knowledge.

9. The Director or any person so authorized by him in writing may cause to be slaughtered any animal infected or suspected of being infected with any notifiable disease or any animal which has been in contact with an animal infected by notifiable disease or has been otherwise exposed to the infection or contagion of notifiable disease.

Slaughter of
infected animals.

10. Where an animal has been slaughtered under this Act, its carcass shall belong to the County Government and shall be buried or sold to a veterinary institute for research or otherwise disposed of under such conditions as a veterinary officer thinks fit, and any proceeds of sale shall be paid into the County Revenue Fund.

Disposal of carcass of slaughtered animal.

11. (1) No action shall lie against the County Government and or any public officer, or any officer, for any act done in good faith under this Act or for any act done in good faith in connection with the diagnosis, control, prevention or treatment of notifiable diseases of animals (including the preparation of biological products), and no compensation shall be payable to any person for any act done under this Act unless the Governor otherwise directs:

Indemnity and payment of compensation.

Provided that subject to section 12, compensation for animals slaughtered under this Act shall be paid to the owner where the animal was not so infected but was suspected of being so infected, the value of the animal immediately before it was slaughtered.

(2) For the purposes of subsection (1), the value of any animal shall be determined in accordance with rules prescribed under this Act, and the costs and expenses of any such valuation shall be determined, borne and payable as therein provided

12. Compensation in respect of any animal slaughtered under this Act may be wholly or partially withheld where the owner or person in charge of the animal has been guilty of any breach of the provisions of this Act, and no compensation shall be paid in respect of any animal slaughtered if such animal was infected with disease when imported or became infected before it was passed by the inspecting officer at the place of entry, or if such animal has been imported in breach of this Act.

Compensation maybe withheld.

13. (1) The Director or any administrative officer or inspector may enter any land, building, shed, place, carriage, van, truck, motor vehicle, aircraft, boat, or lighter containing or carrying, or having been used for the purpose of containing or carrying—

Power to search for infected animals, etc.

(a) animals, and may examine the same and any

animals found therein for the purpose of ascertaining whether any such animal is infected by a notifiable disease or for the purpose of ascertaining whether the provisions of this Act in respect of the cleansing and disinfection of such building, shed, place, carriage, van, truck, motor vehicle, aircraft, boat or lighter have been properly carried out; and

- (b) meat, carcasses, hides or any article manufactured from the product of any animal, and may examine the same for evidence of notifiable disease or for the purpose of ascertaining whether the provisions of this Act in respect of the cleansing and disinfection of such building, shed, place, carriage, van, truck, motor vehicle, aircraft, boat or lighter have been properly carried out.

(2) Whenever such an inspection is carried out under this section, the owner or occupier of the aforesaid land, building, shed, place, carriage, van, truck, motor vehicle, aircraft, boat or lighter shall render such reasonable assistance as may be required of him by the officer carrying out the inspection; and any owner or occupier who refuses or fails to render such reasonable assistance as may be so required of him shall be guilty of an offence.

14. (1) The Director may prescribe —

- (a) fees and payments for drugs and vaccines supplied by the County Government;
- (b) fees for the examination of animals carried out under this Act;
- (c) fees and payments for feeding and stalling of animals detained in quarantine;
- (d) fees and payments in connexion with any services rendered under this Act; and

Power to
prescribe fees.

(2) Any fees or payments due or payable under this section shall be a civil debt due to the County Government and may be sued for and recovered with costs by and in the name of the Director.

15. (1) The Director may prohibit the use of any vaccine or drug for the treatment of animal disease in the County.

Power to prohibit use of vaccine or drug.

(2) Any person who knowingly supplies, sells, purchases, obtains or uses any vaccine or drug for the treatment of animal diseases, the use of which has been prohibited by the Director, shall be guilty of an offence.

16. The Director or a person authorized by him in writing, an administrative officer, an inspector or a police officer may, without warrant, stop, detain and search any person whom he believes with reasonable cause to be guilty of an offence under this Act, and if the name and address of such person is not known to the officer stopping and detaining him, and if he fails to give his name and address to the satisfaction of such officer, such officer may without warrant arrest him.

Power to search and detain suspects.

17. Any person who obstructs or impedes, or assists in obstructing or impeding, the Director or a person authorized by him in writing, an administrative officer, an inspector or a police officer in the execution of his duty under this Act shall be guilty of an offence, and may be arrested without warrant by such officer.

Obstruction of persons exercising their duties.

18. Any person arrested under this Act shall be taken within reasonable time before a magistrate, and shall not be detained without a warrant longer than is necessary for this purpose.

Arrested person to be taken before magistrate without delay.

19. Any person who is guilty of an offence under this Act shall be liable to imprisonment for a term not exceeding twelve months or to a fine not exceeding thirty thousand shillings or to both.

Penalties.

20. (1) An administrative officer, an inspector or a police officer may seize an animal in respect of which he has reason to suspect that an offence under this Act is being committed or has been committed, and may remove such animal to any compound, enclosure or other place selected by a veterinary officer or inspector and there detain such animal subject to the orders of a magistrate.

Animals in respect of which offence committed may be seized.

(2) Whenever any animal has been seized and detained under subsection (1), the officer making such seizure shall

without unnecessary delay report the same to a magistrate having jurisdiction within the district in which the animal has been seized.

21. (1) Whenever any person has been convicted of an offence under this Act, the court convicting that person may in addition to or in lieu of imposing any other punishment authorized by law order that any animal, or all or any of the animals, in respect of which such offence has been committed shall be forfeited.

Animal may be forfeited.

(2) Whenever it is reported to a magistrate that any animal has been seized and detained under this section but that the person who is alleged to have committed an offence or breach in respect of such animal is unknown or cannot be found, the magistrate may, if satisfied by evidence on oath that there is reason to believe that an offence under this Act has been committed in respect of such animal and that the owner is unknown or cannot be found, order that such animal be forfeited.

(3) A magistrate, whenever he is satisfied that there is reason to believe that an offence has been committed in respect of an animal seized and detained under section 20, may order that the owner of such animal shall pay to the Government such sum as he considers reasonable to cover the expenses connected with the removal of the animal to the place of detention and the keep of the animal during such detention, and that unless such sum is paid within a reasonable time to be specified in such order the animal shall be forfeited.

22. (1) Where any animal is forfeited under section 21, it shall be slaughtered, sold or otherwise dealt with as the court directs.

Disposal of forfeited animal.

(2) Where any forfeited animal or the carcass thereof is ordered to be sold, the court may direct that the proceeds of sale or any portion thereof shall be paid to any person appearing to be the owner of the animal; and where no such direction is given the proceeds of sale shall be paid into the Revenue Fund.

SCHEDULES**FIRST SCHEDULE***Diseases of Animal*

1. Actinobacillosis
2. Actinomycosis
3. African Swine Fever
4. African Horse Sickness
5. Anaplasmosis
6. Anthrax
7. Aujeszky's Disease
8. Avian Encephalomyelitis
9. Avian Infectious Bronchitis
10. Avian Leucoses Complex
11. Avian Infectious Laryngotracheitis
12. Babesiosis
13. Black Quarter
14. Blue Tongue
15. Botulism
16. Bovine Malignant Catarrh
17. Brucellosis (Bovine, Ovine, Caprine and Porcine)
18. Canine Distemper
19. Caseous Lymphadenitis
20. Contagious agalactia
21. Contagious Bovine Pleuropneumonia
22. Coccidiosis
23. Contagious Pustular Dermatitis
24. Contagious Caprine Pleuropneumonia
25. Contagious Epivaginitis
26. Contagious Ophthalmia

27. Chronic Respiratory Disease
28. Cysticercosis (Bovine and Porcine)
29. Dourine
30. Duck Plague (Duck Virus Enteritis)
31. Duck Virus Hepatitis
32. East Coast Fever
33. Echinococcosis
34. Enterotoxaemia
35. Enzootic Abortion of Sheep
36. Enzootic Pneumonias of Pigs
37. Equine Encephalomyelitis
38. Fascioliasis
39. Equine Infectious Anaemia
40. Farcy (Bovine)
41. Foot and Mouth Disease
42. Foot Rot
43. Fowl Cholera
44. Fowl Plague
45. Fowl Typhoid
46. Glanders
47. Gumboro Disease
48. Haemorrhagic Septicaemia
49. Heart Water
50. Hog Cholera
51. Infectious Bovine Rhinotracheitis
52. Infectious Coryza
53. Influenza and Para-influenza of Animals
54. John's disease
55. Lumpy Skin Disease

56. Lymphangitis (Ulcerative and Epizootic)
57. Marek's Disease
58. Melioidosis
59. Mucosal Disease Complex (Bovine Virus Diarrhoea)
60. Myxomatosis
61. Nairobi Sheep Disease
62. Newcastle Disease
63. Peste Des Petits Ruminant of Sheep and Goat
64. Pox Disease of all Species of Animals
65. Psittacosis and Ornithosis
66. Q-fever
67. Rabies
68. Rift Valley Fever
69. Rinderpest
70. Salmonella Infections (*S. abortus equi*, *S. abortus ovis* and *S.pullorum*)
71. Scrapie
72. Strangles
73. Streptothricosis
74. Swine Erysipelas
75. Swine Vibrionic Dysentery
76. Teschen Disease
77. Trichinosis
78. Trichomonas Foecus Infection
79. Tuberculosis (Bovine and Avian)
80. Vesicular Stomatitis.

SECOND SCHEDULE

Animal Import Permit for Animals

Permission is hereby granted to Mr/Mrs/Miss

Address

to import No. of animals as per the description below:

Species 1 2 3 4

Sex Age

Identification marks or No.

Name and address of Exporter

Place of origin of the Animal

Species

Port of embarkation

Nature and identification of means of transport

The above animals should be accompanied by individual health certificates issued by a Government Veterinary Officer or a registered veterinary practitioner of the country of origin of the animals. The certificate should state that the animal is clinically free from the diseases mentioned in the Animal Diseases (Control) Act and is in sound health. The animal health certificate should also state to have fulfilled the following conditions for cattle, buffalo, sheep and goat:

1. Deworming - 15 days before the start of journey.
2. Deticking - One week before the journey (mention the drug).
3. Negative for Brucella Serum Tube agglutination test (mention time and date of test).
4. Negative for tuberculin test by D.I.D_ method using Bovine P.P.D_ tuberculin (mention date of test).
5. Provision of feed, water while on journey.
6. Animals have come from herd/flocks where the following diseases have not been reported in the last one year

THIRD SCHEDULE

Animal Import Permit for day-old chicks, day-old turkey chicks, etc. and eggs of birds for hatching

Permission is hereby granted to Mr/Mrs/Miss

Address

to import No. of day-old chicks/poults/ducklings/gooslings/eggs of birds for hatching as per description given below—

Species

Breed Sex

Name and address of exporter

.....

Country of origin

Name and address of the establishment of origin

.....

or of hatchery

Port of embarkation

Nature of transport

Condition of shipment

In the case of day-old chicks/turkey/duckling/eggs, etc., they should be accompanied by a health certificate issued by a government veterinary officer or a registered veterinary surgeon of the country of origin of birds/eggs. The certificate should state that the birds (in case of the eggs, the birds who laid the eggs) are clinically free from the diseases and are originated from a farm or hatchery which is also free (for the last one year), from the disease mentioned in the Animal Diseases (Control) Act. It should also be certified that they are vaccinated against new cattle disease/gumboro/marek's disease.

Signature

Director, Livestock Department

FOURTH SCHEDULE

Animal Semen Import Permit

Permission is hereby granted to—

Mr/Mrs/Miss

Address

for the importation of semen of animals as per the details given below—

(a) Quantity of semen

(b) Species of animal from which semen collected

(c) Breed of animal from which semen is collected

(d) Name and address of the exporter

(e) Condition of shipment

(f) Port of embarkation

The semen should be accompanied by the following model of zoo sanitary (individual) certificate signed by the government veterinary officer or a

registered veterinary practitioner of the country of origin of the animals/semen.

I—Information concerning the animal (x)

Species:

Breed:

Name:

Date of birth:

Place of birth:

Entry in the Herd Book:

Date or approval or animal for A. I. purposes:

II—Information concerning the Semen (x)

Date and hour of collection:

Quantity and condition of shipment:

III—Origin of the Semen

Name and address of exporter (Artificial Insemination Centre or

exporting owner).....
.....

IV—Destination of the Semen

Name an exact postal address of consignee:

Nature and identification of method of transportation:

(x) Zootechnical information supplied by:

V—Sanitary Information

The undersigned official veterinarian certifies as follows:

The animal (bull, buffalo, ram, he-goat, boar) from which the semen was collected did not show any clinical sign of disease on the day or the collection.

EIGHTH SCHEDULE

Licence for Poultry Farm/Hatchery Establishment A licence is hereby granted to Mr/Mrs/Miss

Address

or the establishment of a poultry farm/hatchery as per the details given below.

(1) Location of the farm/hatchery

(2) Name and address of the company or other proprietors.....

(3) Starting date

(4) Proposed no. of birds to be kept or hatched

(5) Species and Breed

(6) Name of the manager/supervisor/assistant in the farm/hatchery

(7) Qualification and experienced personnel

(8) Name and address of the franchise or supplier of the birds or batching

eggs

The licence is issued on the conditions set out on the Control of Hatcheries and Poultry Farms Regulations. The Chief Veterinary Officer or any of his representatives will have power to inspect the farm/hatchery at any time of the day and the proprietor shall maintain the Poultry Farm/Hatchery as per the technical instructions offered by the Chief Veterinary Officer or his representative. Any additions or disease outbreaks in the farm/hatchery should be notified by the proprietor of the farm/hatchery to the Chief Officer of the State concerned.
