A Bill for

An Act of the Uasin Gishu County Assembly to give effect to Article 176 (2) and 185 and Schedule IV of the constitution and to provide for establishment of county project management and implementation units and for connected purposes.

ENACTED by the County Assembly of Uasin Gishu County as follows—

PART I—PRELIMINARY

1. This Act may be cited as the Uasin Gishu County Project Implementation and Management Act, 2014 and shall come into force on the date of assent.

2. In this Act, unless the context otherwise requires—

"facility" means a hospital, a health service centre or any development projects established under this Act or determined by the County Government.

"projects' means all such development undertakings undertaken on behalf of the County Government by committees established under this Act.

"Executive Member" means the Executive committee member of the specific devolved function which the project falls.

"Management units' means project implementation committees or bodies established or designated under this Act.

"Special project committee" means committee established under this Act for special or specified projects not necessarily within the County Integrated Plan and the Budget but are to be undertaken by the County Government.

3. The object and purpose of this Act is to provide for a legal framework for further devolution of the County Government functions, establishing project implementation and management committees, and to—

(a) ensure harmony between county and sub-county spatial project management requirements;

A Bill to be enacted by the County Assembly of Uasin Gishu County.
(b) facilitate the participation of local communities in the implementation of county development projects.

c) ensure efficient and effective service delivery across the county;

d) provide a platform to harmonize and ensure equity in the implementation of county development projects and services;

e) ensure effective project implementation at integrated areas of economic and social activity;

(f) provide for management of county projects in a manner that ensures reduction of bureaucracy in procurement and availability of funds;

g) Provide a framework that allows direct funding of county development projects on need basis.

(h) To further devolve the functions and resources of the County Government and to ensure participation and involvement of the county citizenry in management of its affairs.

Principles of county project management and implementation.

4. The principles of project implementation and management in the county shall be to —

(a) integrate community, county and national values in all processes and concepts;

(b) protect the right to self-fulfilment of the communities within the county and bear responsibility to future generations;

(c) promote good corporate governance principles in all procurement and implementation of development projects;

(d) ensure effective resource mobilization for sustainable development;

(e) promote the pursuit of equity in resource allocation within the county;

(f) provide a platform for unifying project management, budgeting, financing, programme implementation and
performance review; and

(g) serve as a basis for engagement between county government and the citizenry, other stakeholders and interest groups.

PART II—ADMINISTRATION
