MEMORANDUM OF OBJECTS AND REASONS

Statement of the Objects and Reasons for the Bill

The principal object of this Bill is to provide for the establishment of regulatory mechanisms at the national and county levels which oversee the conduct of fundraising appeals, to provide for the licensing and regulation of fundraisers; the promotion of transparency and accountability in the conduct of fundraising appeals.

The Bill is developed against the need to maintain the altruistic rationale that public appeals (Harambees) serve in the Kenyan society while addressing the shortcomings that have accompanied this process.

The Bill seeks to replace the Public Collections Act, Chapter 106, Laws of Kenya, whose institutional architecture does not align with the devolved structures of the Kenyan constitution and is not sufficiently robust to address corruption tendencies associated with voluntary contributions. Further, the Public collections Act excludes from its purview, charitable and religious purposes yet this forms a large component of harambees.

The Bill is also based on the need to reduce the culture of dependency that harambees have imbued in society, extending even essentially private affairs to the larger public. The Bill seeks to restrict appeal for private matters within the circle of family and friends and have public appeals for public purposes. Its passage will promote the use of devolved structures as entities for promoting structured social development by ensuring that the conduct of public appeals are approved by assessing their links to the needs and priorities of the counties and their decentralized structures.

To support voluntary contributions, it is imperative that the state grants incentives to such givers. The current regulatory regimes are limited in their tax incentives and essentially excludes private individuals. This Bill will provide frameworks within which tax incentives can be issued to voluntary contributions.

The Bill-

(a) establishes a Fundraising Appeals Committee which, among other functions, regulates and monitors the conduct of fundraising appeals and establishes mechanisms for the promotion of
transparency and accountability in the conduct of fundraising appeals;

(b) creates county fundraising appeals committee whose functions include regulating, monitoring and evaluating fund raising appeals within the county;

(c) defines fundraising appeals, indicates who can undertake a fundraising appeal and lays out procedures for applying for permits, conditions to be fulfilled and consequences of not following these conditions;

(d) defines and excludes private fundraising appeals from its provisions; and

(e) stipulates records and accounts of fundraising appeals that must be retained.

The Schedule contains provisions for the conduct of business and affairs of the National Committee and the County Committees.

Statement on the delegation of legislative powers and limitation of fundamental rights and freedoms

The Bill does delegates legislative powers only to the extent of giving effect to the provisions of the Bill it does not limit fundamental rights and freedoms.

Statement of how the Bill concerns county governments

The Bill makes provision for regulation of fundraising appeals at the national and county levels of Government. The Bill therefore concerns county governments in terms of Article 110(a) of the Constitution as it affects the functions and powers of County Governments set out in the Fourth Schedule.

Statement that the Bill is not a money Bill within the meaning of Article 114 of the Constitution.

Clause 52 of the Bill specifically removes the Bill from the ambit of the matters listed under Article 114 of the Constitution. The clause further provides that any expenses that may be occasioned by the implementation of the Act are to be provided from such gifts, grants or donations as may be given or from such monies as the National Assembly may, in the
future, provide for the defraying of such expenses. The Bill also provides that a fund may be established for the purposes of the custody of such funds. The Bill does not therefore appropriate funds for the implementation of the Act; any appropriation would be effected through separate legislation which would be introduced and enacted in terms of Article 114 of the Constitution. This Bill is therefore not a money Bill within the meaning of Article 114 of the Constitution.

Chairman, Senate Ad Hoc Committee on Legislation on Harambee (Voluntary Contribution).
