MEMORANDUM OF OBJECTS AND REASONS

Statement of the Objects and Reasons for the Bill

The principal objective of this Bill is to put in place a framework for the collection, analysis and dissemination of information by the county governments. Statistics are an important part of the planning process for any government and they also act as a yardstick for governments to determine whether they are meeting their goals in providing services to their people. This Bill therefore seeks to establish a county statistical system that will assist county governments to plan for the development of counties and to measure the gains made by the county governments in improving the lives of the people in the counties.

Statement on the delegation of legislative powers and limitation of fundamental rights and freedoms

Clause 28 of the Bill provides that the county executive committee member may make Regulations with the approval of the county assembly. The Bill therefore delegates legislative powers to the county executive committee member. The Bill however does not limit fundamental rights and freedoms.

Statement on how the Bill concerns county governments

Part 2 of the Fourth Schedule to the Constitution provides for county statistics as one the functional areas of county governments. The Bill therefore concerns county governments in terms of Articles 110(1)(a) of the Constitution in that it contains provisions that affect the functions and powers of the county governments as set out in the Fourth Schedule to the Constitution.

Statement that the Bill is not a money Bill within the meaning of Article 114 of the Constitution

This Bill proposes to establish the office of the Chief Statistician which shall be an office in the office of the county executive committee member for the time being responsible for matters relating to statistics. Any expenses that will be occasioned by the office of the statistician shall be met by any money that is appropriated by the county assembly to the county executive.

This Bill is therefore not a money Bill within the meaning of Article 114 of the Constitution.

Dated the 30th May, 2015.

Senator.
