- (b) in sub section (9) by deleting the word “forty” and substituting therefor the word “sixty”.

MEMORANDUM OF OBJECTS AND REASONS

The payment deadlines for local contractors and sub-contractors are not always observed by the national and county governments. This has led to some of these contractors being declared bankrupt and their property being auctioned. This is unlike their foreign counterparts who have support from their mother countries and are paid in the form of a letter of credit. The local contractors are thus disadvantaged against the foreign contractors. The principal object of this Bill is therefore to amend the Public Procurement and Asset Disposal Act, 2015 to bring the local contractors at par with their foreign counterparts.

Clause 1 of the Bill provides for the short title.

Clause 2 of the Bill provides for the amendment of section 54 of the Act to provide that in cases where a procuring entity is allowed to split a contract, then each part of the split contract should be awarded to a different company. This is to spread the risk among many companies and also allow to as many companies as possible to benefit from the tender.

Clause 3 of the Bill provides for the amendment of section 86 of the Act to provide that in addition to the criteria to be awarded a contract, the contract price should be within a fifteen per cent range of the Engineers Estimate where applicable.

This is to avoid a company quoting an unrealistically low price just to get the tender and thereafter undertaking a below the par job or having to vary the contract price upwards. It would also avoid a company quoting an unrealistically high price for a contract whose actual cost is low.

Clause 4 of the Bill provides that the national and county governments shall settle their payments to the successful tenderers by way of a bank guarantee. This is to avoid delay in payments of the contractors.

Clause 5 of the Bill increases the amount for exclusive preference for Kenyans from five hundred million shillings to one billion shillings. It also gives preference to a Kenyan company which bids for one and a half times the amount bid by a foreign company. Lastly, it increases the amount that international tenders must source supplies from citizen contractors from forty per cent to sixty per cent.

Statement on the delegation of legislative powers and limitation of fundamental rights and freedoms

The Bill does not limit any fundamental rights and freedoms as provided under the Constitution.

Statement that the Bill concerns county governments

The Bill affects the functions of the county governments and is therefore a Bill concerning counties for purposes of the Standing Orders.

Statement that the Bill is a money Bill within the meaning of Article 114 of the Constitution

The enactment of this Bill shall occasion additional expenditure of public funds.

Dated the 18th June, 2020.

PATRICK WAINAINA,
Member of Parliament.
