In accordance with the objectives of ARIPO generally and in particular Article III(c), which provides for the establishment of such common services or organs as may be necessary or desirable for the co-ordination, harmonisation and development of the intellectual property activities affecting the members of ARIPO; and

Considering the advantages of pooling resources in respect of industrial property administration:

Hereby establish this Protocol to be known as the Banjul Protocol on Marks within the framework of the African Regional Intellectual Property Organization (ARIPO) and agree as follows:-

SECTION 1

GENERAL

1:1 The African Regional Intellectual Property Organization (ARIPO) is hereby entrusted with the registration of marks and the administration of such registered marks on behalf of the Contracting States in accordance with the provisions of this Protocol.

1:2 In the exercise of its functions under this Protocol, ARIPO shall act through its Secretariat, hereinafter referred to as "the Office".

SECTION 2

FILING OF APPLICATIONS

2:2 Where:

(a) an application is filed directly with ARIPO but the applicant's principal place of business or ordinary residence is not in the host country of ARIPO; or

(b) an application is filed with the Industrial Property Office of a Contracting State by an applicant whose principal place of business or ordinary residence is not in a Contracting State; the applicant shall be represented.

2:3 Representation shall be by a patent or trade mark agent or by a legal practitioner who has a right to represent applicants before the Industrial Property Office of any of the Contracting States.

2:4 Where an application is filed with the Industrial Property Office of a Contracting State, such office shall, within one month of receiving the application, transmit the application to the Office.

SECTION 3

CONTENTS OF APPLICATION

3:1 An application for the registration of a mark shall identify the applicant and designate the Contracting States in which registration is being requested.

3:2 The application shall indicate the goods and/or services in respect of which protection of a mark is claimed, including the corresponding class or classes provided for under the Nice Agreement Concerning the International Classification of Goods and Services for the Purposes of the Registration of Marks of June 15, 1957 as revised. For this purpose the ARIPO Office will check that the applicant has made such indication of class or classes and that indication is correct and where the applicant does not give such indication or the indication is not correct, the ARIPO Office shall classify the goods or services under the appropriate class or classes of the Nice Agreement on payment of a classification fee.

3:3 Where colour is claimed to be a distinctive feature of the mark, the applicant shall make a statement to that effect as well as the name or names of the colour or colours claimed and an indication, in respect of each colour, of the principal parts of the mark which are in that colour.

3:4 Where the mark is a three-dimensional mark, the applicant shall make a statement to that effect and attach to the application a reproduction of the mark consisting of a two-dimensional graphic or photographic reproduction either of a single view of the mark or several different views of the mark.

3:5 The application shall contain a declaration of actual use of the mark or intention to use the mark, or be accompanied by an application for the registration of a person as a registered user of the mark; Provided that where there is an application for a registered user the Director General of the Office is satisfied that -

- (i) the applicant intends it to be used by that person in relation to those goods or services; and
- (ii) that person shall be registered as a registered user thereof immediately after registration of the mark.

SECTION 3bis

RIGHT OF PRIORITY

4:1 An applicant shall have the right to claim priority rights provided under Article 4 of the Paris Convention for the Protection of Industrial Property of 20th March, 1883 as revised.

4:2 The right to priority shall only subsist when the application is made within six months from the date of the earlier application.

SECTION 5

FORMALITIES EXAMINATION AND NOTIFICATION

5:1 The Office shall examine whether the formal requirements provided under Section 3 have been complied with and shall accord the appropriate filing date to the application.

5:2 If the Office is of the opinion that the application does not comply with the formal requirements, it shall notify the applicant accordingly, inviting him to comply with the requirements within a prescribed

period. If the applicant does not comply with the requirements within the said period, the Office shall refuse the application.

5:3 If the application complies with all the formal requirements, the Office shall within the prescribed period, notify each designated State.

5:4 Where the Office refuses an application or a reconsideration in terms of Section 5bis: 1 is refused or an appeal in terms of Section 5bis: 2 is unsuccessful, the applicant may within a period of three months from the date on which he receives notification of such refusal or result of appeal, request that his application be treated, in any designated state, as an application according to the national laws of that State.

SECTION 5bis

SECTION 6

SUBSTANTIVE EXAMINATION BY A DESIGNATED STATE

6:1 Every application for the registration of a mark shall be examined in accordance with the national laws of a designated state.

6:2 Before the expiration of twelve months from the date of the notification referred to in Section 5:3, each designated state may make a written communication to the Office that, if a mark is registered by

the Office, that registration shall have no effect on its territory on the basis of any grounds, both absolute and relative, including the existence of third party rights.

6:3 Where the designated state refuses the application under Section 6:2, it shall give reasons under its national laws for refusing the application. These reasons shall within one month of the decision being made be communicated to the Office which shall without delay communicate the same to the applicant.

6:4 The applicant shall be given an opportunity to respond, directly to the designated state concerned, to the decision to refuse the application. The decision shall be subject to appeal or review under the national laws of the designated state concerned.

6:5 A communication to the Office under Section 6:2 or a refusal by a designated state shall not prejudice the issuance by the Office of a certificate of registration having effect in those designated states in respect of which the application has not been subject to a communication under Section 6:2 or has not been refused.

6:6 Where a designated state which makes a communication under Section 6:2 subsequently withdraws it or where the designated state initially refused the application but subsequently accepts the same, the designated state shall within one month communicate this fact to the Office. In this case, the Office shall extend the registration to such designated state.

Such registration shall be recorded in the Marks Register and the Office shall issue to the applicant a certificate of registration.

6bis.3 The fact of registration of a mark shall be published in the Journal.

6bis: 4 At any time after the publication in the Marks Journal of an application as accepted by the designated state or designated states in terms of Section 6bis:1 but before the registration of the mark in

terms of Section 6bis: 2, any person may give a notice of opposition to the application for registration in a designated state or designated states. Thereafter, the application shall be treated according to the opposition procedures laid down under the national laws of the designated state or designated states concerned.

7:4 The registration of a mark which has not been renewed because of nonpayment of renewal fees within the period stipulated in Section 7:3 shall be deemed to have lapsed and shall be removed from the Register.

SECTION 8

EFFECT OF REGISTRATION

8:1 The registration of a mark by the Office shall have the same effect in each designated state, with respect to rights conferred by the mark, as if it was filed and registered under the national law of each such state.

based on non-use or any other grounds. Where registration has been cancelled, the Contracting State concerned shall, within one month of cancellation, notify the Office. The Office shall publish this fact in the Marks Journal and record it in the Register.

9:2 Where, under Section 9:1, the owner of a registered mark or applicant for registration of a mark designates any other state which becomes a party to this Protocol, such later designation shall be deemed to be an application for the registration of a mark with respect to the state so designated and shall accordingly be subject to examination under the national law of such designated state as provided for under Section 6 of the Protocol.
