Provided that in the application of this method the resale price shall be reduced by the resale price margin (the profit margin indicated by the reseller);

(c) the cost plus method, in which costs are assessed using the costs incurred by the supplier of a product in a controlled transaction, with a mark-up added to make an appropriate profit in light of the functions performed, and the assets used and risks assumed by the supplier;

(d) the profit split method, in which the profits earned in very closely interrelated controlled transactions are split among the related enterprises depending on the functions performed by each enterprise in relation to the transaction, and compared with a profit split among independent enterprises in a joint venture;

(e) the transactional net margin method, in which the net profit margin attained by a multinational enterprise in a controlled transaction is compared to the net profit margin that would have been earned in comparable transactions by an independent enterprise; and

However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents, know-how or other rights, or by way of commission or other
charges for specific services performed or for management, or, except in the case of banking enterprises, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than toward reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents, know-how or other rights, or by way of commission or other charges for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

**ARTICLE 8**

**SHIPPING AND AIR TRANSPORT**

1. Profits derived by an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. Notwithstanding the provisions of paragraph 1, profits derived from the operation of ships in international traffic may be taxed in the Contracting State in which such operation is carried on; but the tax so charged shall not exceed 50 per cent of the tax otherwise imposed by the internal law of that State.

3. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbor of the ship is situated, or, if there is no such home harbor, in the Contracting State of which the operator of the ship is a resident.

4. Profits derived by a transportation enterprise which is a resident of a Contracting State from the use, maintenance, or rental of containers (including trailers and other equipment for the transport of containers) used for the transport of goods or merchandise in international traffic which is supplementary or incidental to its international operation of ships or aircrafts shall be taxable only in that Contracting State unless the containers are used solely within the other contracting State.

5. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

**ARTICLE 9**

**ASSOCIATED ENTERPRISES**
1. Where:
   (a) an enterprise of a Contracting State participates directly or indirectly in the
       management, control or capital of an enterprise of the other Contracting State, or
   (b) the same persons participate directly or indirectly in the management, control
       or capital of an enterprise of a Contracting State and an enterprise of the other
       Contracting State, and in either case conditions are made or imposed between the two
       enterprises in their commercial or financial relations which differ from those which
       would be made between independent enterprises, then any profits which would, but
       for those conditions, have accrued to one of the enterprises, but, by reason of those
       conditions, have not so accrued, may be included in the profits of that enterprise and
       taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State-and taxes
   accordingly profits on which an enterprise of the other Contracting State has been charged to
tax in that other State and the profits so included are profits which would have accrued to the
enterprise of the first mentioned State if the conditions made between the two enterprises
had been those which would have been made between independent enterprises, then that
other State shall make an appropriate adjustment to the amount of the tax charged therein on
those profits. In determining such adjustment, due regard shall be had to the other provisions
of this Agreement and the competent authorities of the Contracting States shall if necessary
consult each other.

3. The provisions of paragraph 2 shall not apply where judicial, administrative or other legal
proceedings have resulted in a final ruling that by actions giving rise to an adjustment of
profits under paragraph 1, one of the enterprises concerned is liable to penalty with respect
to fraud, gross negligence or willful default.

**ARTICLE 10**

**DIVIDENDS**

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the
other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company
paying the dividends is a resident and according to the laws of that State, but if the beneficial
owner of the dividends is a resident of the other Contracting State, the tax so charged shall
not exceed 10 per cent of the gross amount of the dividends. This paragraph shall not affect
the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term “dividends” as used in this Article means income from shares or other rights,
not being debt-claims, participating in profits, as well as income from other corporate rights
which is subjected to the same taxation treatment as income from shares by the laws of the
State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends,
being a resident of a Contracting State, carries on business in the other Contracting State of
which the company paying the dividends is a resident, through a permanent establishment
situated therein, or performs in that other State independent personal services from a fixed
base situated therein, and the holding in respect of which the dividends are paid is effectively
connected with such permanent establishment or fixed base. In such case the provisions of
Article 7 or Article 15, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from
the other Contracting State, that other State may not impose any tax on the dividends paid
by the company, except insofar as such dividends are paid to a resident of that other State
or insofar as the holding in respect of which the dividends are paid is effectively connected
with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

ARTICLE 11

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises, and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be exempt from tax in that State, provided that it is derived and beneficially owned by:

(a) the Government, a political sub-division or a local authority of the other Contracting State; or

(b) (i) in the case of India, the Reserve Bank of India and the Export-Import bank of India; and

(ii) in the case of Kenya, the Central Bank of Kenya; or government financial institution/entity as may be agreed upon from time to time between the Competent authorities of the Contracting States through exchange of letters.

Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 15, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest having regard to the debt claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

ARTICLE 12
**ROYALTIES**

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. 4. The provisions of paragraph 1 and 2 shall not apply if the beneficial owner of the royalties being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 15, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

2. However, such fees for management, professional and technical services may be taxed in the Contracting State in which they arise, and according to the law of that State, but if the beneficial owner of fees for management, professional and technical services is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the fees for management, professional and technical services.

3. The term ‘fees for management, professional and technical services’ as used in this article means payments of any kind to any person, other than to an employee of the person making the payments and those mentioned in Articles 15 and 16 of this Agreement in consideration for any services of a managerial, technical, professional or consultancy nature including the provision of services of technical or other personnel.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the fees for management, professional and technical services being a resident of a Contracting State, carries on business in the other Contracting State in which the fees for management, professional and technical services arise, through a permanent establishment situated therein or performs in that other State independent personal services from a fixed base situated therein and the fees for management, professional and technical services are effectively connected with such permanent establishment or a fixed base. In such case the provisions of Article 7 or Article 15 as the case may be shall apply.

5. Fees for management, professional and technical services shall be deemed to arise in a Contracting State when the payer is that Contracting State itself, a political sub-division, a local authority or a resident of that State. Where, however, the person paying the fees for management, professional and technical services, whether he is a resident of that State or not, has in a Contracting State a permanent establishment in connection with which the liability to pay the fees for management, professional and technical services was incurred and such fees for management, professional and technical services are borne by such permanent establishment then such fees for management, professional and technical services shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

6. Where, owing to a special relationship between the payer and the beneficial owner of the fees for management, professional and technical services or between both of them and some other person, the amount of the fees for management, professional and technical services paid, having regard to the service for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this article shall apply only to the last-mentioned amount. In that case the excess part of the payment shall remain taxable according to the law of each Contracting State, due regard being had to the other provisions of this Agreement.

1. The laws in force in either of the Contracting States will continue to govern the taxation of income in the respective Contracting States except where provisions to the contrary are made in this Agreement.

2. Double taxation shall be eliminated in India as follows:
   (a) Where a resident of India derives income which, in accordance with the provisions of this Agreement, may be taxed in Kenya, India shall allow as a deduction from the tax on the income of that resident, an amount equal to the tax paid in Kenya.

      Such deduction shall not, however, exceed that portion of the tax as computed before the deduction is given, which is attributable, as the case may be, to the income which may be taxed in Kenya.

   (b) Where in accordance with any provision of the Agreement income derived by a resident of India is exempt from tax in India, India may nevertheless, in calculating the amount of tax on the remaining income of such resident, take into account the exempted income.

3. Double taxation shall be eliminated in Kenya as follows:
   (a) Where a resident of Kenya derives income which, in accordance with the provisions of this Agreement, may be taxed in India, Kenya shall allow as a credit against the tax on the income of that resident, an amount equal to the tax paid in India.

   (b) Where in accordance with any provision of the Agreement, income derived by a resident of Kenya is exempt from tax in Kenya, Kenya may nevertheless, in calculating the amount of tax on the remaining income of such resident, take into account the exempted income.

ARTICLE 25

NON-DISCRIMINATION

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favorably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents. This provision shall not be construed as preventing a Contracting State from charging the profits of a permanent establishment which a company of the other Contracting State has in the first mentioned State at a rate of tax which is higher than that imposed on the profits of a similar company of the first mentioned Contracting State, nor as being in conflict with the provisions of paragraph 3 of Article 7.

3. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any
debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

**ARTICLE 26**

**MUTUAL AGREEMENT PROCEDURE**

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 25, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.

4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs. When it seems advisable in order to reach agreement to have an oral exchange of opinions, such exchange may take place through a Commission consisting of representatives of the competent authorities of the Contracting States.

**ARTICLE 27**

**EXCHANGE OF INFORMATION**

1. The competent authorities of the Contracting States shall exchange such information (including documents or certified copies of the documents) as is necessary for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities insofar as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Articles I and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for
such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by contracting states may be used for other purposes when such information may be used for such other purposes under the laws of both states and the competent authority of the supplying state authorizes such use.

3. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to supply information (including documents or certified copies of the documents) which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

**ARTICLE 28**

**ASSISTANCE IN THE COLLECTION OF TAXES**

1. The Contracting States shall lend assistance to each other in the collection of revenue claims. This assistance is not restricted by Articles 1 and 2. The competent authorities of the Contracting States may by mutual agreement settle the mode of application of this Article.

2. The term ‘revenue claim’ as used in this Article means an amount owed in respect of taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to this Agreement or any other instrument to which the Contracting States are parties, as well as interest, administrative penalties and costs of collection or conservancy related to such amount.

3. When a revenue claim of a Contracting State is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of collection by the competent authority of the other Contracting State. That revenue claim shall be collected by that other State in accordance with the provisions of its laws applicable to the enforcement and collection of its own taxes as if the revenue claim were a revenue claim of that other State.

4. When a revenue claim of a Contracting State is a claim in respect of which that State may, under its law, take measures of conservancy with a view to ensure its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of taking measures of conservancy by the competent authority of the other Contracting State. That other State shall take measures of conservancy in respect of that revenue claim in accordance with the provisions of its laws as if the revenue claim were a revenue claim of that other State even if, at the time when such measures are applied, the revenue claim is not
enforceable in the first-mentioned State or is owed by a person who has a right to prevent its collection.

5. Notwithstanding the provisions of paragraphs 3 and 4, a revenue claim accepted by a Contracting State for purposes of paragraph 3 or 4 shall not, in that State, be subject to the time limits or accorded any priority applicable to a revenue claim under the laws of that State by reason of its nature as such. In addition, a revenue claim accepted by a Contracting State for the purposes of paragraph 3 or 4 shall not, in that State, have any priority applicable to that revenue claim under the laws of the other Contracting State.

6. Proceedings with respect to the existence, validity or the amount of a revenue claim of a Contracting State shall only be brought before the courts or administrative bodies of that State. Nothing in this Article shall be construed as creating or providing any right to such proceedings before any court or administrative body of the other Contracting State.

7. Where, at any time after a request has been made by a Contracting State under paragraph 3 or 4 and before the other Contracting State has collected and remitted the relevant revenue claim to the first-mentioned State, the relevant revenue claim ceases to be
   (a) in the case of a request under paragraph 3, a revenue claim of the first-mentioned State that is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, or
   (b) in the case of a request under paragraph 4, a revenue claim of the first-mentioned State in respect of which that State may, under its laws, take measures of conservancy with a view to ensure its collection, the competent authority of the first-mentioned State shall promptly notify the competent authority of the other State of that fact and, at the option of the other State, the first-mentioned State shall either suspend or withdraw its request.

8. In no case shall the provisions of this Article be construed so as to impose on a Contracting State the obligation:
   (a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
   (b) to carry out measures which would be contrary to public policy (ordre public);
   (c) to provide assistance if the other Contracting State has not pursued all reasonable measures of collection or conservancy, as the case may be, available under its laws or administrative practice;
   (d) to provide assistance in those cases where the administrative burden for that State is clearly disproportionate to the benefit to be derived by the other Contracting State.

**ARTICLE 29**

LIMITATION OF BENEFITS

1. The provisions of this Agreement shall in no case prevent a Contracting State from the application of the provisions of its domestic law and measures concerning tax avoidance or evasion, whether or not described as such.

2. A resident of a Contracting State shall not be entitled to the benefits of this Agreement if its affairs were arranged in such a manner as if it was the main purpose or one of the main purposes to take the benefits of this Agreement.

3. Any person including legal entities not having *bona fide* business activities shall not be entitled to the benefits of this Agreement.

**ARTICLE 30**

MEMBERS OF DIPLOMATIC MISSIONS AND CONSULAR POSTS

**ARTICLE 31**

**ENTRY INTO FORCE**

1. The Contracting States shall notify each other in writing, through diplomatic channels, of the completion of the procedures required by the respective laws for the entry into force of this Agreement.

2. This Agreement shall enter into force on the date of the later of the notifications referred to in paragraph 1 of this Article.

3. The provisions of this Agreement shall have effect:
   (a) In India, in respect of income derived in any fiscal year beginning on or after the first day of April next following the calendar year in which the Agreement enters into force; and
   (b) In Kenya, in respect of:
      (i) taxes withheld at source on amounts paid or credited to non residents on or after first January, in the calendar year following the year in which all the required formalities are completed;
      (ii) other taxes on income arising for the year of income commencing on or after the 1st January in the calendar year in which all the required formalities are completed.

4. The Agreement between the Government of the Republic of India and the Government of the Republic of Kenya for the Avoidance of Double Taxation and Prevention of fiscal evasion with respect to taxes on income signed at Nairobi on the 12th day of April, 1985 shall cease to have effect when the provisions of this Agreement become effective in accordance with the provisions of paragraph 3

**ARTICLE 32**

**TERMINATION**

This Agreement shall remain in force indefinitely until terminated by a Contracting State. Either Contracting State may terminate the Agreement, through diplomatic channels, by giving notice of termination at least six months before the end of any calendar year beginning after the expiration of five years from the date of entry into force of the Agreement. In such event, the Agreement shall cease to have effect:

(a) in India, in respect of income derived in any fiscal year on or after the first day of April next following the calendar year in which the notice is given;

(b) in Kenya:
   (i) with regard to taxes withheld at source, on amounts paid or accrued after the end of the calendar year in which such notice is given; and
   (ii) with regard to other taxes, on income arising for years of income beginning after the end of the calendar year in which such notice is given.
AGREEMENT BETWEEN THE GOVERNMENT OF THE REPUBLIC OF KENYA AND THE GOVERNMENT OF THE REPUBLIC OF MAURITIUS FOR THE AVOIDANCE OF DOUBLE TAXATION WITH RESPECT TO TAXES ON INCOME

The Cabinet Secretary for the National Treasury and Planning declares that the arrangements made between the Government of the Republic of Kenya and the Government of the Republic of Mauritius, in the articles of the convention set out in the Schedule hereto and signed on the 10th April, 2019, with a view of affording relief from double taxation in relation to income tax and any rates of similar character imposed by the laws of Kenya, shall, notwithstanding anything to the contrary in the Act or any other written law, have effect to income tax under the Act.

SCHEDULE

AGREEMENT BETWEEN THE GOVERNMENT OF THE REPUBLIC OF KENYA AND THE GOVERNMENT OF THE REPUBLIC OF MAURITIUS FOR THE AVOIDANCE OF DOUBLE TAXATION WITH RESPECT TO TAXES ON INCOME

The Government of the Republic of Kenya and the Government of the Republic of Mauritius desiring to further develop their economic relationship and to enhance their cooperation in tax matters, intending to conclude an agreement for the elimination of double taxation with respect to taxes on income without creating opportunities for non-taxation or reduced taxation through tax evasion or avoidance (including through treaty-shopping arrangements aimed at obtaining reliefs provided in this Agreement for the indirect benefit of residents of third States),

have agreed as follows:

ARTICLE 1

**Personal Scope**

1. This Agreement shall apply to persons who are residents of one or both of the Contracting States.

2. For the purposes of this Agreement, income derived by or through an entity or arrangement that is treated as wholly or partly fiscally transparent under the tax law of either Contracting State shall be considered to be income of a resident of a Contracting State but only to the extent that the income is treated, for purposes of taxation by that State, as the income of a resident of that State.

3. This agreement shall not affect the taxation, by a Contracting State, of its residents except with respect to benefits granted under paragraph 2 of Article 9 and Articles 18, 20, 22, 23, 24 and 26.

ARTICLE 2

**Taxes Covered**

1. This Agreement shall apply to taxes on income imposed on behalf of a Contracting State or its political subdivisions, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income all taxes imposed on total income or on elements of income.
3. The existing taxes to which this Agreement shall apply are in particular:

(a) in Mauritius, the income tax; (hereinafter referred to as "Mauritius tax");

(b) in Kenya, the income tax charged in accordance with the provisions of the Income Tax Act, Cap 470 (hereinafter referred to as "Kenyan tax").

4. This Agreement shall also apply to any other taxes of a substantially similar character which are imposed by either Contracting State after the date of signature of this Agreement in addition to, or in place of, the existing taxes.

5. The competent authorities of the Contracting States shall notify each other of changes which have been made in their respective taxation laws, and if it seems desirable to amend any Article of this Agreement, without affecting the general principles thereof, the necessary amendments may be made by mutual consent by means of an Exchange of Notes.

ARTICLE 3

General Definitions

1. In this Agreement, unless the context otherwise requires:

(a) the term "Mauritius" means the Republic of Mauritius and includes:

(i) all the territories and islands which, in accordance with the laws of Mauritius, constitute the State of Mauritius;

(ii) the territorial sea of Mauritius; and

(iii) any area outside the territorial sea of Mauritius which in accordance with international law has been or may hereafter be designated, under the laws of Mauritius, as an area, including the Continental Shelf, within which the rights of Mauritius with respect to the sea, the sea-bed and sub-soil and their natural resources may be exercised;

(b) the term "Kenya" means all territory of Kenya in state boundaries, including internal and territorial waters and also special economic zone and continental shelf, and all installations erected thereon as defined in the Continental Shelf Act, over which Kenya exercises its sovereign rights for the purpose of exploiting natural resources of the seabed, its subsoil and the superjacent waters, in accordance with international law;

2. As regards the application of the Agreement at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Agreement applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

ARTICLE 4

Resident

1. For the purposes of this Agreement, the term ‘resident of a Contracting State’ means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of incorporation, place of management or any other criterion of a similar nature and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined in accordance with the following rules:

(a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him. If he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);

(b) if the State in which he has his centre of vital interests cannot be determined, or if he does not have a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;

(c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;

(d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated.

4. For the purpose of paragraph 3 of this Article, the term ‘place of effective management’ means the place where strategic management and commercial decisions that are necessary for the conduct of the entity’s business as a whole are in substance made.

ARTICLE 5

Permanent Establishment

1. For the purposes of this Agreement, the term ‘permanent establishment’ means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term ‘permanent establishment’ shall include:

(a) a place of management;

(b) a branch;
(c) an office;
(d) a factory;
(e) a workshop;
(f) a warehouse, in relation to a person providing storage facilities for others;
(g) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources; and
(h) an installation or structure used for the exploration of natural resources.

3. The term ‘permanent establishment’ likewise encompasses:

(a) a building site, a construction, assembly or installation project or any supervisory activity in connection with such site or project, but only where such site, project or activity continues for a period of more than 183 days;

For the sole purpose of determining whether the period referred to in this paragraph has been exceeded,

(i) where an enterprise of a Contracting State carries on activities in the other Contracting State at a place that constitutes a building site or construction or installation project and these activities are carried on during one or more periods of time that, in the aggregate, exceed 30 days without exceeding 183 days; and

(ii) where connected activities are carried on at the same building site or construction or installation project during different periods of time, each exceeding 30 days, by one or more enterprises closely related to the first-mentioned enterprise,

these different periods of time shall be added to the aggregate period of time during which the first-mentioned enterprise has carried on activities at that building site, construction or installation project.

(b) the furnishing of services including consultancy services by an enterprise of a Contracting State through employees or other personnel engaged in the other Contracting State, provided that such activities continue for the same or a connected project for a period or periods aggregating to more than 90 days within any 12-month period commencing or ending in the fiscal year concerned.

4. Notwithstanding the preceding provisions of this Article, the term ‘permanent establishment’ shall be deemed not to include:

(a) the use of facilities solely for the purpose of storage, or display of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, or display;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or of collecting information, for the enterprise;

(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity;

(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e),

Provided that such activity or, in the case of subparagraph (f), the overall activity of the fixed place of business, is of a preparatory or auxiliary character.
4A. Paragraph 4 shall not apply to a fixed place of business that is used or maintained by an enterprise if the same enterprise or a closely related enterprise carries on business activities at the same place or at another place in the same Contracting State, and:

(a) that place or other place constitutes a permanent establishment for the enterprise or the closely related enterprise under the provisions of this Article, or

(b) the overall activity resulting from the combination of the activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, is not of a preparatory or auxiliary character,

Provided that the business activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, constitute complementary functions that are part of a cohesive business operation.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person other than an agent of an independent status to whom paragraph 6 applies is acting in a Contracting State on behalf of an enterprise of the other Contracting State, that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State in respect of any activities which that person undertakes for the enterprise, if such a person:

(a) habitually concludes contracts, or habitually plays the principal role leading to the conclusion of contracts that are routinely concluded without material modification by the enterprise and these contracts are:

(i) in the name of the enterprise, or

(ii) for the transfer of ownership of, or for the granting of the right to use property owned by that enterprise or that the enterprise has a right to use or,

(iii) for the provision of services by that enterprise,

unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business (other than a fixed place of business to which paragraph 4A would apply), would not make this fixed place of business a permanent establishment under the provisions of that paragraph; or

(b) has no such authority, but habitually maintains in the first-mentioned State a stock of goods or merchandise from which he regularly delivers goods or merchandise on behalf of that enterprise;

(c) habitually secures orders in the first-mentioned State, wholly or almost wholly for the enterprise itself.

6. Paragraph 5 shall not apply where the person acting in a Contracting State on behalf of an enterprise of the other Contracting State carries on business in the first-mentioned State as an independent agent and acts for the enterprise in the ordinary course of that business. Where, however, a person acts exclusively or almost exclusively on behalf of one or more enterprises to which it is closely related, that person shall not be considered to be an independent agent within the meaning of this paragraph with respect to any such enterprise.

7. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 6 applies.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.
9. For the purposes of this Article, a person is closely related to an enterprise if, based on all
the relevant facts and circumstances, one has control of the other or both are under the control
of the same persons or enterprises. In any case, a person or enterprise shall be considered to
be closely related to an enterprise if one possesses directly or indirectly more than 50 per cent
of the beneficial interest in the other (or, in the case of a company, more than 50 per cent of
the aggregate vote and value of the company’s shares or of the beneficial equity interest in
the company) or if another person possesses directly or indirectly more than 50 per cent of
the beneficial interest (or, in the case of a company, more than 50 per cent of the aggregate
vote and value of the company’s shares or of the beneficial equity interest in the company)
in the person and the enterprise.

ARTICLE 6

Income From Immovable Property

1. Income derived by a resident of a Contracting State from immovable property, including
income from agriculture or forestry, may be taxed in the Contracting State in which such
property is situated.

2. The term ‘immovable property’ shall have the meaning which it has under the law of
the Contracting State in which the property in question is situated. The term shall in any
case include property accessory to immovable property, livestock and equipment used in
agriculture and forestry, rights to which the provisions of general law respecting landed
property apply, usufruct of immovable property and rights to variable or fixed payments as
consideration for the working of, or the right to work, mineral deposits, sources and other
natural resources. Ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting or
use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable
property of an enterprise.

ARTICLE 7

Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State
unless the enterprise carries on business in the other Contracting State through a permanent
establishment situated therein. If the enterprise carries on business as aforesaid, the profits of
the enterprise may be taxed in the other State but only so much of them as is attributable to—
(a) that permanent establishment;
(b) sales in that other State of goods or merchandise of the same or similar kind as those
sold through that permanent establishment; or
(c) other business activities carried on in that other State of the same or similar kind as
those effected through that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries
on business in the other Contracting State through a permanent establishment situated
therein, there shall in each Contracting State be attributed to that permanent establishment
the profits which it might be expected to make if it were a distinct and separate enterprise
engaged in the same or similar activities under the same or similar conditions and dealing
wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as
deductions expenses which are incurred for the purposes of the permanent establishment
including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in determining the profits of a permanent establishment, of amounts charged (otherwise than towards reimbursement of actual expenses), by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. In so far as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary. The method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

6. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

Shipping and Air Transport

1. Profits of an enterprise of a Contracting State from the operation of aircrafts in international traffic shall be taxable only in that Contracting State.

2. Profits of an enterprise of a Contracting State from the operation of ships in international traffic may be taxed in the other Contracting State, provided that such profits are derived from operations in that other Contracting State. However, the tax so charged shall not exceed 50 percent of the tax that is otherwise applicable in that other Contracting State.

3. For the purposes of this Article, profits from the operation of ships or aircraft in international traffic shall include:
   (a) profits derived from the rental on a bare boat basis of ships or aircraft used in international traffic,
   (b) profits derived from the use or rental of containers or other related equipment,
      if such profits are incidental to the profits to which the provisions of paragraphs 1 and 2 apply.

4. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9
Associated Enterprises

1. Where:
   (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
   (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

   and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State and taxes accordingly profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall if necessary consult each other.

3. The provisions of paragraph 2 shall not apply where judicial, administrative or other legal proceedings have resulted in a final ruling that by actions giving rise to an adjustment of profits under paragraph 1, one of the enterprises concerned is liable to penalty with respect to fraud, gross negligence or wilful default.

ARTICLE 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, dividends paid by a company which is a resident of a Contracting State may also be taxed in that State according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 8 per cent of the gross amount of the dividends. This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term ‘dividends’ as used in this Article means income from shares or other rights, not being debt claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such a case, the provisions of Article 7 shall apply.
5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company except in so far as such dividends are paid to a resident of that other State or in so far as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company’s undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

6. Notwithstanding any other provision of this Agreement, where a company which is a resident of a contracting State has a permanent establishment in the other Contracting State, the profits taxable under Article 7 paragraph 1 may be subject to an additional tax in that other State in accordance with its laws but the additional charge shall not exceed 7.5% per cent of the amount of those profits.

ARTICLE 11
Interest

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

3. Interest arising in a Contracting State shall be exempt from tax in that State if it is derived and beneficially owned by:
   (a) the Government, a political subdivision or a local authority of the other Contracting State; or
   (b) any institution, body or board which is wholly owned by the Government, a political subdivision or a local authority of the other Contracting State.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article. The term "interest" shall not include any item which is treated as a dividend under the provisions of Article 10 of this Agreement.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such a case, the provisions of Article 7 shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon
by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such a case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

ARTICLE 12

**Royalties**

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 12 per cent of the gross amount of the royalties.

3. The term 'royalties' as used in this Article means payments of any kind received as a consideration for:
   
   (a) the use of, or the right to use, any copyright of literary, artistic, scientific work, including cinematograph film, or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or other like property or right,
   
   (b) the use of, or the right to use or receipt of, or the right to receive visual images or sounds or both, that are transmitted to the public by satellite, or by cable, optic fibre, or similar technology,
   
   (c) the use of, or the right to use industrial, commercial or scientific equipment or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such a case, the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment with which the right or property in respect of which the royalties are paid is effectively connected, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the State in which the permanent establishment is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties paid, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount.    (b) for teaching in an educational institution or for teaching by an educational institution;
   or
   (c) by an individual for services for the personal use of an individual.

In such case the provisions of Article 7 shall apply.

5. For the purposes of this Article, subject to paragraph 6, fees for technical services shall be deemed to arise in a Contracting State if the payer is a resident of that Contracting State or if the person paying the fees, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the obligations to pay the fees was incurred, and such fees are borne by the permanent establishment.

6. 7. Where, by reason of a special relationship between the payer and the beneficial owner of the fees for technical services or between both of them and some other person, the amount of the fees, having regard to the services for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount.    (a) (i) Where a resident of Mauritius derives income from Kenya the amount of tax on that income payable in Kenya in accordance with the provisions of this Agreement may be credited against the Mauritius tax imposed on that resident.

   (ii) Where a company which is a resident of Kenya pays a dividend to a resident of Mauritius who controls, directly or indirectly, at least 5% of the capital of the company paying the dividend, the credit shall take into account (in addition to any Kenyan tax for which credit may be allowed under the provisions
of subparagraph (a) of this paragraph) the Kenyan tax payable by the first-mentioned company in respect of the profits out of which such dividend is paid.

Provided that any credit allowed under this subparagraph shall not exceed the Mauritius tax (as computed before allowing any such credit), which is appropriate to the profits or income derived from sources within Kenya.

(b) For the purposes of allowance as a credit the tax payable in Kenya shall be deemed to include the tax which is otherwise payable in Kenya but has been reduced or waived by Kenya in order to promote its economic development.

2. In the case of Kenya:

(a) where a resident of Kenya derives income which in accordance with the provisions of this Agreement, may be taxed in the Republic of Mauritius, Kenya shall allow as credit against the tax on the income of that resident an amount equal to the tax paid in the Republic of Mauritius. Such credit, however, shall not exceed that portion of the tax as computed before the credit is given, which is attributable, to the income, which may be taxed in the Republic of Mauritius;

(b) where, in accordance with the provisions of this Agreement, income derived by a resident of Kenya is exempt from tax in Kenya, Kenya may nevertheless, in calculating the amount of tax on the remaining income of such resident, take into account the exempted income.

ARTICLE 23

Non-Discrimination

1. The nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

1A. Stateless persons who are residents of a Contracting State shall not be subjected in either Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and the connected requirements to which nationals of the State concerned in the same circumstances, in particular with respect to residence, are or may be subjected.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to resident of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of that first-mentioned State are or may be subjected.

4. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties, and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.
5. The provisions of this Article shall apply to taxes covered by this Agreement.

**ARTICLE 24**

*Mutual Agreement Procedure*

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 23, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of this Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at an appropriate solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Agreement. They may also consult together for the elimination of double taxation in cases not provided for in this Agreement.

4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

**ARTICLE 25**

*Exchange of Information*

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment for collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorises such use.
3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
(b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

ARTICLE 26

Diplomatic Agents and Consular Officers

Nothing in this Agreement shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

ARTICLE 27

Assistance in the Collection of Taxes

1. The Contracting States shall lend assistance to each other in the collection of revenue claims. This assistance is not restricted by Articles 1 and 2. The competent authorities of the Contracting States may by mutual agreement settle the mode of application of this Article.

2. The term “revenue claim” as used in this Article means an amount owed in respect of taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to this Agreement or any other instrument to which the Contracting States are parties, as well as interest, administrative penalties and costs of collection or conservancy related to such amount.

3. When a revenue claim of a Contracting State is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of collection by the competent authority of the other Contracting State. That revenue claim shall be collected by that other State in accordance with the provisions of its laws applicable to the enforcement and collection of its own taxes as if the revenue claim were a revenue claim of that other State.

4. When a revenue claim of a Contracting State is a claim in respect of which that State may, under its law, take measures of conservancy with a view to ensure its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of taking measures of conservancy by the competent authority of the other Contracting State. That other State shall take measures of conservancy in respect of that revenue claim in
accordance with the provisions of its laws as if the revenue claim were a revenue claim of that other State even if, at the time when such measures are applied, the revenue claim is not enforceable in the first-mentioned State or is owed by a person who has a right to prevent its collection.

5. Notwithstanding the provisions of paragraphs 3 and 4, a revenue claim accepted by a Contracting State for purposes of paragraph 3 or 4 shall not, in that State, be subject to the time limits or accorded any priority applicable to a revenue claim under the laws of that State by reason of its nature as such. In addition, a revenue claim accepted by a Contracting State for the purposes of paragraph 3 or 4 shall not, in that State, have any priority applicable to that revenue claim under the laws of the other Contracting State.

6. Proceedings with respect to the existence, validity or the amount of a revenue claim of a Contracting State shall not be brought before the courts or administrative bodies of the other Contracting State.

7. Where, at any time after a request has been made by a Contracting State under paragraph 3 or 4 and before the other Contracting State has collected and remitted the relevant revenue claim to the first-mentioned State, the relevant revenue claim ceases to be:

(a) in the case of a request under paragraph 3, a revenue claim of the first-mentioned State that is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, or

(b) in the case of a request under paragraph 4, a revenue claim of the first-mentioned State in respect of which that State may, under its laws, take measures of conservancy with a view to ensure its collection,

the competent authority of the first-mentioned State shall promptly notify the competent authority of the other State of that fact and, at the option of the other State, the first-mentioned State shall either suspend or withdraw its request.

8. In no case shall the provisions of this Article be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to carry out measures which would be contrary to public policy (ordre public);

(c) to provide assistance if the other Contracting State has not pursued all reasonable measures of collection or conservancy, as the case may be, available under its laws or administrative practice;

(d) to provide assistance in those cases where the administrative burden for that State is clearly disproportionate to the benefit to be derived by the other Contracting State.

ARTICLE 27A

Entitlement to Benefits

1. Subject to paragraph 2, a benefit under this Agreement shall not be granted in respect of an item of income if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of this Agreement.

2. Where a benefit under this Agreement is denied to a person under the provisions of paragraph 1, the competent authority of the Contracting State that would otherwise have granted this benefit shall nevertheless treat that person as being entitled to this benefit, or to different benefits with respect to a specific item of income, if such competent authority, upon request from that person and after consideration of the relevant facts and circumstances, determines
that such benefits would have been granted to that person in the absence of the transaction or arrangement. The competent authority of the Contracting State to which a request has been made under this paragraph by a resident of the other Contracting State shall consult with the competent authority of the other Contracting State before rejecting the request.

ARTICLE 28

Entry Into Force

1. Each of the Contracting Parties shall notify to the other the completion of the procedures required by its law for the entering into force of this Agreement. The Agreement shall enter into force on the date of the later of these notifications.

2. The provisions of this Agreement shall apply:
   (a) in Mauritius, on income for any income year beginning on or after the first day of January next following the date upon which this Agreement enters into force; and
   (b) in Kenya:
      (i) to taxes withheld at source, on amounts paid or accrued on or after the first day of January next following the date upon which the Agreement enters into force; and
      (ii) to other taxes, on income arising for years of income beginning on or after the first day of January next following the date upon which the Agreement enters into force.

ARTICLE 29

Termination

1. This Agreement shall remain in force indefinitely but either of the Contracting States may terminate the Agreement through diplomatic channels, by giving to the other Contracting State written notice of termination not later than 30 June of any calendar year starting five years after the year in which the Agreement entered into force.

2. In such event the Agreement shall cease to have effect:
   (a) in Mauritius, on income for any income year beginning on or after the first day of January next following the calendar year in which such notice is given; and
   (b) in Kenya:
      (i) to taxes withheld at source, on amounts paid or accrued on or after the first day of January next following the calendar year in which such notice is given; and
      (ii) to other taxes, on income arising for years of income beginning on or after the first day of January next following the calendar year in which such notice is given.

Legal Notice No. 108/2020 is hereby revoked.

(g) a farm, plantation or other place where agricultural, forestry, plantation or related activities are carried on;
(h) a building site or construction or assembly project which exists for more than six months.

(3) The term ‘permanent establishment’ shall not be deemed to include—

(a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or for collecting information for the enterprise;

(e) the maintenance of a fixed place of business solely for the purpose of advertising for the supply of information, for scientific research or for similar activities which have a preparatory or auxiliary character, for the enterprise.

(4) A person acting in a Contracting State on behalf of an enterprise of the other Contracting State—other than an agent of an independent status to whom paragraph (6) applies—shall be deemed to be a permanent establishment of that enterprise in the first mentioned State if he has and habitually exercises in that State an authority—

(a) to conclude contracts in the name of the enterprise, unless his activities are limited to the purchase of goods or merchandise for that enterprise; or

(b) to fulfil orders on behalf of the enterprise from a stock of goods or merchandise which he habitually maintains in that State and which belongs to the enterprise.

(5) An insurance enterprise of a Contracting State shall, except in regard to reinsurance, be deemed to have a permanent establishment in the other State if it collects premiums in the territory of that State or insures risks situated therein through an employee or through a representative who is not an agent of an independent status within the meaning of paragraph (6).

(6) An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, where such persons are acting in the ordinary course of their business.

(7) The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute for either company a permanent establishment of the other.

**ARTICLE 6**

*Income from Immovable Property*

(1) Income from immovable property may be taxed in the Contracting State in which such property is situated.

(2) The term ‘immovable property’ shall be defined in accordance with the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as
consideration for the working of or the right to work mineral deposits, sources and other natural resources. Ships, boats and aircraft shall not be regarded as immovable property.

(3) The provisions of paragraph (1) shall apply to income derived from the direct use, letting or use in any other form of immovable property.

(4) The provisions of paragraphs (1) and (3) shall also apply to the income from immovable property used for the performance of professional services.

ARTICLE 7

Business Profits

(1) The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

(2) Where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing at arm’s length with the enterprise of which it is a permanent establishment.

(3) In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purpose of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

(4) Insofar as it has been customary in a Contracting State according to the law, to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph (2) shall preclude that State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result be in accordance with the principles of this Article.

(5) No portion of any profits arising to an enterprise of a Contracting State shall be attributed to a permanent establishment situated in the other Contracting State by reason of the mere purchase of goods or merchandise within that other State by the enterprise.

(6) For the purpose of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

(7) Where profits include items of income which are dealt with separately in other Articles of this Agreement then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

Shipping and Air Transport

(1) Profits from the operation of ships or aircraft in international traffic carried on by an enterprise of a Contracting State shall be taxable only in that State.

(2) The provisions of paragraph (1) shall likewise apply in respect of participations in pooled services, in a joint business or in an international operations agency of any kind by enterprises engaged in the operation of ships or aircraft in international traffic.
ARTICLE 9

Associated Enterprises

Where—

(a) an enterprise of a Contracting State participates directly or indirectly in the management or control of capital of an enterprise of the other Contracting State; or

(b) the same persons participate directly or indirectly in the management or control of capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued may be included in the profits of that enterprise and taxed accordingly.

ARTICLE 10

Dividends

(1) Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State, unless the dividends are excluded from the basis upon which German tax is imposed according to paragraph (2) (a) of Article 23.

(2) However, such dividends may be taxed in the Contracting State of which the company paying the dividends is a resident, and according to the laws of that State, but the tax so charged shall not exceed 15 per cent of the gross amount of the dividends.

(3) Notwithstanding the provisions of paragraph (2) German tax on dividends paid to a company being a resident of Kenya by a company being a resident of the Federal Republic of Germany, at least 25 per cent of the voting shares of which is owned directly or indirectly by the former company itself, or by it together with other persons controlling it or being under common control with it, shall not exceed 25 per cent of the gross amount of such dividends as long as the rate of German corporation tax on distributed profits is lower than that on undistributed profits and the difference between those two rates is 15 percentage points or more.

(4) The term "dividends" as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights assimilated to income from shares or any other item which is deemed to be a dividend or distribution of a company by the taxation law of the Contracting State of which the company making the distribution is a resident, distributions on certificates of an investment trust and also, in the Federal Republic of Germany, income derived by a sleeping partner from his participation as such.

(5) The provisions of paragraphs (1), (2) and (3) shall not apply if the recipient of the dividends, being a resident of a Contracting State, has in the other Contracting State, of which the company paying the dividends is a resident, a permanent establishment with which the holding by virtue of which the dividends are paid is effectively connected. In such a case, the provisions of Article 7 shall apply.

(6) Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company to persons who are not residents of that other State, or subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in the other State.
ARTICLE 13

Capital Gains

(1) Gains from the alienation of immovable property, as defined in paragraph (2) of Article 6 may be taxed in the Contracting State in which such property is situated.

(2) Gains from the alienation of any property other than immovable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of any property other than immovable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing professional services, including such gains from the alienation of such a permanent establishment (alone or together with the whole enterprise) or of such a fixed base, may be taxed in that other State.

(3) Notwithstanding the provisions of paragraph (2), gains derived by an enterprise of a Contracting State from the alienation of ships and aircraft which it operates in international traffic and any property other than immovable property pertaining to the operation of such ships and aircraft shall be taxable only in that State.

(4) Gains from the alienation of shares of a company which is a resident of a Contracting State may be taxed in that State.

(5) Gains derived by a resident of a Contracting State from the alienation of any property other than those mentioned in paragraphs (1), (2), (3) and (4) shall be taxable only in that State.

ARTICLE 14

Independent Personal Services

Income derived by a resident of a Contracting State in respect of independent scientific, literary, artistic, educational or teaching activities shall be taxable only in that State unless—

(a) he has a fixed base regularly available to him in the other Contracting State for the purpose of performing his activities, in which case so much of the income may be taxed in that other State as is attributable to that fixed base; or

(b) he is present in the other Contracting State for the purpose of performing his activities for a period or periods exceeding in the aggregate 183 days in the calendar year concerned, in which case so much of the income may be taxed in that other State as is attributable to the activities performed in that other State.

ARTICLE 15

Dependent Personal Services

(1) Subject to the provisions of Articles 16, 17, 18, 19, and 20, salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

(2) Notwithstanding the provisions of paragraph (1), remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if—

(a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in the calendar year concerned; and
(b) the remuneration is paid by, or on behalf of, an employer who is not a resident of that other State; and

(c) the remuneration is not borne by a permanent establishment or a fixed base which the employer has in that other State.

(3) Notwithstanding the provisions of paragraphs (1) and (2), remuneration in respect of an employment exercised aboard a ship or aircraft operated in international traffic by an enterprise of a Contracting State may be taxed in that State.

**ARTICLE 16**

**Directors’ Fees**

Directors’ fees and similar payments derived by a resident of a Contracting State in his capacity as a member of the board of directors of a company which is a resident of the other Contracting State may be taxed in that State.

**ARTICLE 17**

**Artistes and Athletes**

(1) Notwithstanding the provisions of Articles 14 and 15, income derived by public entertainers, such as theatre, motion picture, radio or television artistes, and musicians, and by athletes, from their personal activities as such may be taxed in the Contracting State in which these activities are exercised.

(2) Notwithstanding anything contained in this Agreement, where the services of a public entertainer or an athlete mentioned in paragraph (1) are provided in a Contracting State by an enterprise of the other Contracting State the profits derived by that enterprise from providing those services may be taxed in the first-mentioned State.

(3) The provisions of paragraphs (1) and (2) shall not apply to services of public entertainers and athletes, if their visit to a Contracting State is supported wholly or substantially from public funds of the other Contracting State.

**ARTICLE 18**

**Public Funds**

(1) Remuneration paid by, or out of funds created by a Contracting State, a political subdivision or a local authority thereof, to any individual in respect of an employment shall be taxable only in that State. If, however, the employment is exercised in the other Contracting State by an individual who is neither a national of the first-mentioned State nor resident in the other State solely for the purpose of rendering those services, the remuneration shall be taxable only in other State.

(2) The provisions of this Article shall not apply to remuneration in respect of an employment in connexion with any business carried on by a Contracting State, a political subdivision or a local authority thereof for the purpose of profits, or to remuneration the cost of which is reimbursed to the Contracting State first-mentioned in paragraph (1) out of funds earned or provided in the other Contracting State.

**ARTICLE 19**

**Pensions and Annuities**

(1) Any pension (other than a pension of the kind referred to in paragraph (5)) or any annuity paid to a resident of a Contracting State may be taxed in that State.
(2) However, such pension or annuity, derived by an individual who is a resident of a Contracting State from sources within the other Contracting State may be taxed in that other State, but the tax so charged shall not exceed 5 per cent of the gross amount of the payment.

(3) Any pension paid by, or of funds created by, a Contracting State, a political subdivision or a local authority thereof, to any individual shall be taxable only in that State.

(4) The term 'pension’ means a periodic payment made in consideration of services rendered in the past or by way of compensation for injuries received.

**ARTICLE 20**

(b) remuneration not exceeding 6,000 DM or the equivalent in Kenya currency for a calendar year from personal services undertaken in that first-mentioned State to supplement resources available to him for his maintenance and education.

The benefits of this paragraph shall extend only for such period of time as may be reasonable or customarily required to complete the education or training undertaken, but in no event shall any individual have the benefits of this paragraph for more than three consecutive years.

(3) An individual who is, or was immediately before visiting a Contracting State, a resident of the other Contracting State and who is temporarily present in the first-mentioned State solely for the purpose of study, research or training as recipient of a grant, allowance or award from a scientific, educational, religious or charitable organization or under a technical assistance programme entered into by the Government of a Contracting State shall, from the date of his first arrival in the first-mentioned State in connexion with that visit, be exempt from tax in that State—

(a) on the amount of such grant, allowance or award; and

(b) on all remittances from abroad for the purposes of his maintenance, education or training.

(4) This Article shall not apply to income from research if such research is undertaken not in the public interest but primarily for the private benefit of a specific person or persons.

**ARTICLE 21**

**ARTICLE 23**

**Elimination of Double Taxation**

(1) Tax shall be determined in the case of a resident of the Federal Republic of Germany as follows:

(a) Unless the provisions of subparagraph (b) apply, there shall be excluded from the basis upon which German tax is imposed, any item of income derived from Kenya and any item of capital situated within Kenya, which, according to this Agreement, may be taxed in Kenya. In the determination of its rate of tax applicable to any item of income or capital not so excluded, the Federal Republic of Germany will, however, take into account the item of income and capital so excluded. The foregoing provisions shall likewise apply to dividends paid to a company being a resident of the Federal Republic of Germany by a company being a resident of Kenya if at least 25 per cent of the voting shares of the Kenyan company is owned directly by the German company. There shall also be excluded from the basis upon which German tax is imposed any shareholding, the dividends of which, if paid, would be excluded from the basis upon which tax is imposed according to the immediately foregoing sentence.

(b) Subject to the provisions of German tax law regarding credit for foreign tax, there shall be allowed as a credit against German, income and corporation tax, including the surcharge thereon, payable in respect of the following items of income derived from Kenya, the Kenyan tax paid under the laws of Kenya and in accordance with this Agreement on—

(i) dividends to which subparagraph (a) does not apply;
(ii) interest to which paragraph (2) of Article 11 applies;
(iii) royalties and management fees to which paragraph (2) of Article 12 applies;
(iv) capital gains to which paragraph (4) of Article 13 applies;
(v) remuneration to which Article 16 applies;
(vi) income to which Article 17 applies;
(vii) pensions and annuities, to which paragraph (2) of Article 19 applies.
The credit shall not, however, exceed that part of the German tax, as computed before the credit is given, which is appropriate to such items of income.

(c) For the purposes of credit referred to in subparagraph (b)—
   (i) where Kenyan tax on dividends, interest or management fees is wholly relieved or reduced below the rates of tax provided for in Articles 10, 11 or 12 by special incentive measures under Kenyan law designed to promote economic development in Kenya, there shall be allowed as a credit against German income tax and corporation tax, including the surcharge thereon, on such dividends, interest or management fees an amount corresponding to the rate of tax provided for in the respective Article;
   (ii) Kenyan tax on royalties shall be deemed to be 20 per cent of the gross amount of the royalties.

The credit allowed under the foregoing provisions shall, however, not exceed the amount of Kenyan tax, which would have been payable under Kenyan law but for special incentive measures as mentioned before.

(2) Tax shall be determined in the case of a resident of Kenya as follows—
   (a) where income is derived from sources within the Federal Republic of Germany which, in accordance with the provisions of this Agreement, is exempt from Kenyan tax but may be taxed in the Federal Republic of Germany, then Kenya may, in calculating the tax on the remaining income of that person, apply the rate of tax which would have been applicable if the income derived from sources within the Federal Republic of Germany had not been so exempted;
   (b) where income is derived from sources within the Federal Republic of Germany which may be taxed in both Contracting States, then Kenya shall allow as a deduction from the tax on the income of that person an amount equal to the tax paid in the Federal Republic of Germany. Such deduction, however, shall not exceed that part of the Kenyan tax as computed before the deduction is given, which is appropriate to the income derived from the Federal Republic of Germany.

**ARTICLE 24**

*Non-Discrimination*

(1) The nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances are or may be subjected.

(2) The taxation of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities or any other personal circumstances which it grants to its own residents.

(3) Enterprises of a Contracting State the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other State, shall not be subjected in the first-mentioned Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of that first-mentioned State are or may be subjected.
(4) In this Article the term ‘taxation’ means taxes of every kind and description.

(5) The application of the provisions of this Article shall not be limited by the provisions of Article 1.

**ARTICLE 25**

*Mutual Agreement Procedure*

(1) Where a resident of a Contracting State considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with this Agreement, he may notwithstanding the remedies provided by the national laws of those Contracting States, present his case to the competent authority of the State of which he is a resident. The case must be presented within three years of the date of such action or the latest of such actions as the case may be.

(2) The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at an appropriate solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation not in accordance with this Agreement.

(3) The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Agreement. They may also consult together for the elimination of double taxation in cases not provided for in this Agreement.

(4) The competent authorities of the Contracting States may communicate with each other directly for the purposes of applying the provisions of this Agreement. When it seems advisable in order to reach agreement to have an oral exchange of opinions, such exchange may take place through a Commission consisting of representatives of the competent authorities of the Contracting States.

**ARTICLE 26**

*Exchange of Information*

(1) The competent authorities of the Contracting States shall exchange such information as is necessary for the carrying out of this Agreement. Any information so exchanged shall be treated as secret and shall not be disclosed to any persons or authorities other than those concerned with the assessment or collection of the taxes which are the subject of this Agreement or the determination of appeals or the prosecution of offences in relation thereto.

(2) In no case shall the provisions of paragraph (1) be construed so as to impose on one of the Contracting States the obligation—

(a) to carry out administrative measures at variance with the laws or the administrative practice of that or of the other Contracting State;

(b) to supply particulars which are not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy.

(3) In order to prevent fraud or fiscal evasion concerning the taxes covered by Article 2 the competent authorities of the Contracting States may by mutual agreement exchange any relevant information. In such a case the provisions of paragraphs (1) and (2) shall likewise apply.
ARTICLE 27

Diplomatic and Consular Privileges

Nothing in this Agreement shall affect the fiscal privileges of diplomatic or consular officials under the general rules of international law or under the provisions of special agreements.

ARTICLE 28

The Agreement shall also apply to Land Berlin, provided that the Government of the Federal Republic of Germany has not made a contrary declaration to the Government of the Republic of Kenya within three months from the date of entry into force of this Agreement.

ARTICLE 29

Entry into Force

(1) This Agreement shall be ratified and the instruments of ratification shall be exchanged at Bonn as soon as possible.

(2) This Agreement shall enter into force on the day after the date of exchange of the instruments of ratification and have effect—

(a) in the Federal Republic of Germany, in respect of income and capital taxable for the assessment period in which this Agreement enters into force and subsequent assessment periods;

(b) in Kenya, in respect of income arising for the year of income in which this Agreement enters into force and subsequent years.

ARTICLE 30

Termination

This Agreement shall continue in effect indefinitely but either of the Contracting States may, on or before the Thirtieth day of June in any calendar year beginning after the expiration of a period of five years from the date of its entry into force, give to the other Contracting State, through diplomatic channels, written notice of termination and, in such event, this Agreement shall cease to be effective—

(a) in the Federal Republic of Germany, in respect of income and capital taxable for the assessment period next following that in which the notice of termination is given and subsequent assessment periods;

(b) in Kenya, in respect of income arising for the year of income next following that in which the notice of termination is given and subsequent years.

PROTOCOL

1. With Reference to Article 5,

(a) an enterprise shall be deemed to have a permanent establishment in a Contracting State if it carries on supervisory activities in that State for more than six months in connexion with a building site or construction or assembly project, as defined in paragraph (2) (h), which is being undertaken in that State;

(b) the term ‘construction or assembly project’ shall be deemed for the purposes of paragraph (2) (h) to include an installation of machinery or plant but shall not include

where any income, other than interest to which paragraph (3) of Article 11 applies, derived from outside of a Contracting State by a resident of that State is not subject to tax in the State by reason of its foreign origin, the provisions of these Articles shall not apply in the other Contracting State in respect of such income.

3. With Reference to Article 7,

(a) if an enterprise of a Contracting State, which has a permanent establishment in the other Contracting State, sells goods or merchandise of the same or similar kind as those sold by the permanent establishment, or renders services of the same or similar kind as those rendered by the permanent establishment, the profits of such activities may be attributed to the permanent establishment unless the enterprise proves that such sales or services are not attributable to the activity of the permanent establishment;

(b) paragraph (3) shall not be construed as obliging a Contracting State to allow the deduction of expenses which under its domestic legislation would not be deduction by an independent enterprise of that State.

4. With Reference to Article 11,

the provisions of paragraph (3) shall also apply to interest arising in Kenya and paid to the Kreditanstalt fur Wiederaufbau or to the Deutsche Gesellschaft fur wirtschaftliche Zusammenarbeit (Entwicklungsgesellschaft).

5. With Reference to Article 18,

6. With Reference to Article 23,

notwithstanding the provisions of paragraph (2) (a), the provisions of paragraph (2) (b) but not of paragraph (2) (c) shall apply likewise to the profits of, and to the capital represented by property forming part of the business property of, a permanent establishment to dividends paid by, and to the shareholding in, a company; or to gains referred to in paragraph (2) of Article 13 of the Agreement, provided that the resident of the Federal Republic of Germany concerned does not prove that the receipts of the permanent establishment or company are derived exclusively or almost exclusively—

(a) from producing or selling goods and merchandise, giving technical advice or rendering engineering services, or doing banking or insurance business, within Kenya; or

(b) from dividends paid by one or more companies, being residents of Kenya, more than 25 per cent of the voting shares of which is owned by the first mentioned company, which themselves derive their receipts exclusively or almost exclusively from producing or selling goods or merchandise, giving technical advice or rendering engineering services, or doing banking or insurance business, within Kenya.

7. With Reference to Article 24,

(a) in the application of paragraph (1), nationals of a Contracting State who are taxable in the other Contracting State shall, if they are residents of that other Contracting
State, receive any personal allowances, reliefs and reductions for taxation purposes on account of civil status which that other Contracting State grants to its residents;

(b) paragraph (2) shall not be construed as disallowing Kenya to impose a tax not exceeding 9 per cent of the profits of a permanent establishment which a German company has in Kenya in addition to tax at the rate levied on profits of similar enterprises of Kenya.

(h) the term ‘international traffic’ means any transport by a ship or aircraft operated by an enterprise that has its place of effective management in a Contracting State, except when the ship or aircraft is operated solely between places in the other Contracting State;

(i) in Korea, the Minister of Strategy and Finance or his authorised representative;

(ii) in Kenya, the Cabinet Secretary responsible for matters relating to Finance or his authorised representative.

2. As regards the application of this Agreement at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Convention applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

**ARTICLE 4**

**RESIDENT**
1. For the purposes of this Agreement, the term ‘resident of a Contracting State’ means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of head or main office, place of incorporation, place of effective management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:
   (a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his personal and economic relations are closer (centre of vital interests);
   (b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident only of the State in which he has an habitual abode;
   (c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident only of the State of which he is a national;
   (d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated.

**ARTICLE 5**

**PERMANENT ESTABLISHMENT**

1. For the purposes of this Agreement, the term ‘permanent establishment’ means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term ‘permanent establishment’ includes especially:
   (a) a place of management;
   (b) a branch;
   (c) an office;
   (d) a factory;
   (e) a workshop; and
   (f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. A building site or construction or installation project constitutes a permanent establishment only if it lasts more than twelve months.

4. Notwithstanding the preceding provisions of this Article, the term ‘permanent establishment’ shall be deemed not to include:
   (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
   (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
   (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
   (d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information, for the enterprise;
(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;

(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs a) to e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person—other than an agent of an independent status to whom paragraph 7 applies—is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 7 applies.

7. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

**ARTICLE 6**

**INCOME FROM IMMOVABLE PROPERTY**

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term ‘immovable property’ shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

**ARTICLE 7**

**BUSINESS PROFITS**
1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. Nothing in this paragraph shall require a Contracting State to allow the deduction of any expenditure which, by reason of its nature, is not generally allowed as a deduction under the taxation laws of that State.

4. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

5. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

6. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

**ARTICLE 8**

**SHIPPING AND AIR TRANSPORT**

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.

3. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

4. For the purposes of this Article the terms "profits from the operation of ships or aircraft in international traffic" shall include profits from:

   (a) the rental of a ship or aircraft on a bare boat charter basis;

   (b) and the use, maintenance or rental of containers (including trailers and related equipment for the transport of containers) used for the transport of goods and merchandise,

   where such rental or such use, maintenance or rental, as the case may be, is incidental to the operation of ships or aircraft in international traffic.

**ARTICLE 9**
ASSOCIATED ENTERPRISES

1. Where:
   (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
   (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

ARTICLE 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:
   (a) 8 per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly at least 25 per cent of the capital of the company paying the dividends;
   (b) 10 per cent of the gross amount of the dividends in all other cases.

   The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

   This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term “dividends” as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively
connected with such permanent establishment or fixed base. In such cases the provisions of Article 7 or Article 15, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

**ARTICLE 11**

**INTEREST**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 12 per cent of the gross amount of the interest. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State shall be exempt from tax in that state if the interest is beneficially owned by or paid in respect of a loan or credit owed to, or made or guaranteed by:
   
   (a) the Government, a political subdivision, a local authority or the Central Bank of the other Contracting State; or
   
   (b) any institution which is wholly owned by the Government, a political subdivision, a local authority or the Central Bank of the other Contracting State.

4. The term 'interest' as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such cases the provisions of Article 7 or Article 15, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon
by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

ARTICLE 12

ROYALTIES

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise and according to the laws of that State, but if the beneficial owner of the royalties is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the royalties. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The term ‘royalties’ as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work, including cinematograph films, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraphs 1 and 2 of this Article shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise through a permanent establishment situated therein or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such cases the provisions of Article 7 or Article 15, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether a resident of a Contracting State or not, has in a Contracting State a permanent establishment or fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsman in his capacity as such accrues not to the entertainer or sportsman himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsman are exercised.

3. Income derived by a resident of a Contracting State from activities exercised in the other Contracting State as envisaged in paragraphs 1 and 2 of this Article, shall be exempt from tax in that other State if the visit to the other State is supported wholly or mainly by public funds of the first mentioned Contracting State, a political subdivision or local authorities thereof, or takes place under a cultural agreement or arrangement between the governments of the Contracting States.

This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention.

3. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

4. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention.    (a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
   (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
   (c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 5 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.
5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information, solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or fiduciary capacity or because the information relates to ownership interests in a person.

**ARTICLE 7**

**BUSINESS PROFITS**

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent
establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other Contracting State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. 4. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

5. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this article.

6. For the purposes of the preceding paragraphs of this Article, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

4. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

5. The provisions of the agreement between the Government of the French Republic and the Government of the Republic of Kenya for the avoidance of double taxation with respect to air transport in international traffic, signed on January, 12th, 1996 shall remain in force but its provisions shall apply only to cases not covered by nor subject to the provisions of this Convention.

**ARTICLE 9**

**ASSOCIATED ENTERPRISES**

1. Where:
   (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
   (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then any profits which would have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

**ARTICLE 10**

**DIVIDENDS**

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. (a) Dividends mentioned in paragraph 1 may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the dividends.

   (b) This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. A resident of Kenya who receives dividends paid by a company which is a resident of France may obtain the refund of the prepayment (precompte) to the extent that it was effectively paid by the company in respect of such dividends. The gross amount of the prepayment
(precompte) refunded shall be deemed to be a dividend for the purposes of the Convention. It shall be taxable in France according to the provisions of paragraph 2. The provisions of paragraph 2 shall apply to such gross amount.

4. The term ‘dividend’ means income from shares, ‘jouissance’ shares or ‘jouissance’ rights, mining shares, founders’ shares or other rights, not being debt-claims, participating in profits, as well as income treated as a distribution by the taxation laws of the Contracting State of which the company making the distribution is a resident. It is understood that the term ‘dividend’ does not include income mentioned in Article 16.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company’s undistributed profits to a tax on the company’s undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

7. The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the shares or other rights in respect of which the dividend is paid to take advantage of this Article by means of that creation or assignment.

**ARTICLE 11**

3. Notwithstanding the provisions of paragraph 2, interest referred to in paragraph 1 shall be taxable only in the Contracting State of which the recipient of the interest is a resident, if such recipient is the beneficial owner of such interest, and if one of the following conditions is met;

   (a) such recipient is a Contracting State, a local authority or a statutory body thereof, including the Central Bank of that State; or such interest is paid by one of those States, local authorities or statutory bodies;

   (b) such interest is paid in respect of a debt-claim or of a loan directly or indirectly guaranteed or insured or subsidised by a Contracting State or by any other person sponsored or directly or indirectly controlled by a Contracting State.

4. The term ‘interest’ means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor’s profits, and in particular income from government securities and income from bonds or debentures,
including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraph 1 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

8. The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the debt-claim in respect of which the interest is paid to take advantage of this Article by means of that creation or assignment.

3. The term “royalties” as used in this article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work, including cinematograph films, or films or tapes used for radio or television broadcasting, any patent, trade mark, design or model, plan, secret formula or process, or for the use of, or the right to use, industrial, commercial or scientific equipment or for information concerning industrial, commercial or scientific experience.

4. The provisions of paragraph 1 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.
5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base with which the obligation to pay the royalties was incurred and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

7. The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the rights in respect of which the royalties are paid to take advantage of this Article by means of that creation or assignment.

At the request of the applicant Contracting State, the requested Contracting State shall recover tax claims of the first-mentioned State in accordance with the law and administrative practice for the recovery of its own tax claims. 3. When a tax claim of a Contracting State is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, that tax claim shall, at the request of the competent authority of that State, be accepted for purposes of collection by the competent authority of the other Contracting State. That tax claim shall be collected by that other State in accordance with the provisions of its laws applicable to the enforcement and collection of its own taxes as if the tax claim were a tax claim of that other State.

4. When a tax claim of a Contracting State is a claim in respect of which that State may, under its law, take measures of conservancy with a view to ensuring its collection, that tax claim shall, at the request of the competent authority of that State, be accepted for purposes of taking measures of conservancy by the competent authority of the other Contracting State. That other State shall take measures of conservancy in respect of that tax claim in accordance with the provisions of its Income Tax law as if the tax claim were a tax claim of that other State even if, at the time when such measures are applied, the tax claim is not enforceable in the first-mentioned State or is owed by a person who has a right to prevent its collection.

5. Where, at any time after a request has been made by a Contracting State under paragraphs 3 and 4 and before the other Contracting State has collected and remitted the relevant tax claim to the first-mentioned State, the relevant tax claim shall cease to be—

   (a) in the case of a request under paragraph 3, a tax claim of the first-mentioned State that is enforceable under the law of that State and is owed by a person who, at the time, cannot, under the law of that State, prevent its collection; or

   (b) in the case of a request under paragraph 4, a tax claim of the first-mentioned State in respect of which that State may, under its law, take measures of conservancy with a view to ensuring its collection,

the competent authority of the first-mentioned State shall promptly notify the competent authority of the other State of that fact and, at the option of the other State, the first-mentioned State shall either suspend or withdraw its request.

6. The requested State shall not be obliged to accede to the request:

   (a) if the applicant State has not notified the requested State that it has pursued all means available in its own territory, except where recourse to such means would give rise to disproportionate difficulty;

   (b) if and insofar as it considers the tax claim to be contrary to the provisions of this Agreement or of any other agreement to which both of the States are parties.
7. The Contracting State in which tax is recovered in accordance with the provisions of this Article shall forthwith remit to the Contracting State on behalf of which the tax was collected the amount so recovered.

8. The applicant State shall in any event remain responsible towards the requested State for the pecuniary consequences of acts of recovery, which have been found unjustified in respect of the reality of the tax claim concerned.

9. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of the provisions of this Article.

   other State through a broker, general commission agent or any other agent of an independent
   status, where such persons are acting in the ordinary course of their business. However where

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on or has carried on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. If an enterprise of a Contracting State which has a permanent establishment in the other Contracting State sells goods or merchandise of the same or similar kind as those sold by the permanent establishment, or renders services of the same or similar kind as those rendered by the permanent establishment, the profits of such sales or services may be attributed to the permanent establishment unless they are unrelated to the activities of the permanent establishment.

3. Subject to the provisions of paragraph 4, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

4. In the determination of the profits of a permanent establishment, there shall be allowed those deductible expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses, whether incurred in the State in which the permanent establishment is situated or elsewhere.

5. Insofar as it has been customary in a Contracting State according to its law, to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 5 shall preclude that State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles of this Article.

6. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

7. For the purpose of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

8. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then, the provisions of those Articles shall not be affected by the provisions of this Article.

   Provided that where such an enterprise derives profits from such operation in the other Contracting State, for the purposes of taxation in that other State—

   (a) such profits shall be deemed to be an amount not exceeding six per cent of the full amount received by the enterprise on account of the carriage of passengers or freight embarked in that other State;

   (b) the tax chargeable in that other State shall not exceed fifty per cent of the profits as calculated under the provisions of subparagraph (a).

3. The provisions of paragraph 1 of this Article shall also apply to a share of the profits from the operation of aircraft in international traffic derived by an enterprise of a Contracting State through participation in a pooled service, in a joint air transport operation or in an international operating agency.

ARTICLE IX

1. Where—

   (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

   (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting States,

   and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where profits on which an enterprise of a Contracting State has been charged to tax in the State are also included in the profits of an enterprise of the other Contracting State and taxed accordingly, and the profits so included are profits which would have accrued to that enterprise of the other State, if the conditions made between the enterprises had been those which would have been made between independent enterprises, then the first-mentioned State. In determining such an adjustment due regard shall be had to the other provisions of this Agreement in relation to the nature of the income.

3. A Contracting State shall not change the profits of an enterprise in the circumstances referred to in paragraph 1 after the expiry of the time limits provided in its national laws and, in any case, after five years from the end of the year in which the profits which would be subject to such change would have accrued to an enterprise of that State. This paragraph shall not apply in the case of fraud, wilful default or neglect.

(a) 15 per cent of the gross amount of the dividends if the recipient is a company which owns at least 10 per cent of the voting shares of the the company paying the dividends during the period of six months immediately preceding the date of payment of the dividends;

(b) 25 per cent of the gross amount of the dividends in all other cases.

3. The term “dividends” as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights assimilated to income from shares or any other item which is deemed to be a dividend or distribution of a company by the taxation law of the Contracting State of which the company making the distribution is a resident.

4. The provisions of paragraph 2 shall not apply if the recipient of the dividends, being a resident of a Contracting State, carries on in the other Contracting State of which the company paying the dividends is a resident, a trade or business through a permanent establishment situated therein, or performs in that other State professional services from a fixed base situated therein, and the holding by virtue of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article VII or Article XV, as the case may be, shall apply.

5. Where a company is resident of a Contracting State, the other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company’s undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

6. Notwithstanding any provision of this Agreement—

(a) a company which is a resident of Kenya and which has a permanent establishment in Canada shall, in accordance with the provisions of Canadian law, remain subject to the additional tax on companies other than Canadian corporations, but the rate of such tax shall not exceed 15 per cent;

2. However, such interest may be taxed in the Contracting State in which it arises, and according to the law of that State; but the tax so charged shall, provided that the interest is taxable in the other Contracting State, not exceed 15 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest arising in a Contracting State and paid to the government of the other Contracting State, political subdivision or local authority thereof, the Central Bank of that other Contracting State, or any agency wholly owned by that government, political subdivision or local authority which is exempt from tax in that other State shall be exempt from tax in the first-mentioned Contracting State. In such a case, the provisions of Article VII or Article XV, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and that interest is borne by that permanent establishment or fixed base, then such interest shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

7. Where, owing to a special relationship between the payer and the recipient or between both of them and some other person, the amount of the interest paid, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the recipient in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In that case, the excess part of the payments shall remain taxable according to the law of each Contracting State, due regard being had to the other provisions of this Agreement.

or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article VII or Article XV, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or fixed base in connection with which the obligation to pay the royalties was incurred, and those royalties are borne by the permanent establishment or fixed base, then such royalties shall be deemed to arise in the Contracting State in which the permanent establishment or fixed base is situated.

6. Where, owing to a special relationship between the payer and the recipient or between both of them and some other person, the amount of the royalties paid, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the recipient in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. However, gains from the alienation of ships or aircraft operated in international traffic and movable property pertaining to the operation of such ships or aircraft, shall be taxable only in the Contracting State in which such property is taxable according to paragraph 3 of Article XXIII.

The provisions of paragraph 2 shall not apply if the recipient of the management or professional fees, being a resident of a Contracting State, has in the other Contracting State in which the management or professional fees arise a permanent establishment with which the management or professional fees are effectively connected; in such a case the provisions of Article VII shall apply.

5. Management or professional fees shall be deemed to arise in a Contracting State when the payer is that Contracting State itself, a political subdivision, a local authority or a resident of that State. Where, however, the person paying the management or professional fees, whether he is a resident of that State, or not has in a Contracting State a permanent establishment in connection with which the liability to pay the management or professional fees was incurred and such management or professional fees are borne by such permanent establishment, then such management or professional fees shall be deemed to arise in the Contracting State in which the permanent establishment is situated.

6. Where, owing to a special relationship between the payer and the beneficial owner of the management or professional fees or between both of them and some other person, the amount of the management or professional fees paid, having regard to the services for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount.    (b) Subject to the existing provisions of the law of Canada regarding the determination of the exempt surplus of a foreign affiliate and to any subsequent modification of those provisions which shall not affect the general principle hereof—for the purpose of computing Canadian tax, a company resident in Canada shall be allowed to deduct in computing its taxable income any dividend received by it out of the exempt surplus of a foreign affiliate resident in Kenya.

2. In the case of Kenya, double taxation shall be avoided as follows:

   Subject to the provisions of the law of Kenya regarding the allowances as a credit to a resident of Kenya against Kenyan tax of tax payable in a territory outside Kenya, tax payable under the laws of Canada, whether directly or by deduction, in respect of profits, income or gains, from sources within Canada shall be allowed as a credit against any Kenyan tax payable in respect of such profits, income or gains, provided that such credit shall not exceed the Kenyan tax, computed before allowing any such credit, which is appropriate to the income derived from Canada.

3. For the purposes of paragraph 1 (a), tax payable in Kenya by a resident of Canada—

   (a) in respect of profits attributable to a trade or business carried on by it in Kenya;

been modified only in minor respects so as not to affect its general character.

4. Where a resident of Kenya is exempt from tax in Kenya in respect of income derived from

taxation purposes on account of civil status or family responsibilities which it grants to its
own residents.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or
controlled, directly or indirectly, by one or more residents of the other Contracting State, shall
not be subjected in the first-mentioned State to any taxation or any requirement connected

or partly owned or controlled, directly or indirectly, by one or more residents of a third State,
are or may be subjected.

5. In this article, the term "taxation" means taxes which are the subject of this Agreement.

**ARTICLE XXVI**

**Mutual Agreement Procedure**

1. Where a resident of a Contracting State considers that the actions of one or both of
the Contracting States result or will result for him in taxation not in accordance with this
Agreement, he may, without prejudice to the remedies provided by the national laws of those
States, address to the competent authority of the Contracting State of which he is a resident
an application in writing stating the grounds for claiming the revision of such taxation. To be
admissible, the said application must be submitted within two years from the first notification
of the action which gives rise to taxation not in accordance with the Agreement.

2. The competent authority referred to in paragraph 1 shall endeavour, if the objection
appears to it to be justified and if it is not itself able to arrive at an appropriate solution, to
resolve the case by mutual agreement with the competent authority of the other Contracting

3. A Contracting State shall not, after the expiry of the time limits provided in its national

concerned has accrued, increase the tax base of a resident of either of the Contracting States
by including therein items of income which have also been charged to tax in the other Contracting State. This paragraph shall not apply in the case of fraud, wilful default or neglect.

4. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. In particular, the competent authorities of the Contracting States may consult together to endeavour to agree—

   (b) to the same allocation of income between a resident of a Contracting State and any associated person provided for in Article IX.

5. The competent authorities of the Contracting States may consult together for the elimination of double taxation in cases not provided for in the Agreement.

**ARTICLE XXVII**

1. The competent authorities of the Contracting States shall exchange such information as is necessary for the carrying out of this Agreement and of the domestic laws of the Contracting States concerning taxes covered by this Agreement insofar as the taxation thereunder is in accordance with this Agreement. Any information so exchanged shall be treated as secret and shall not be disclosed to any persons or authorities other than those concerned with the assessment or collection of the taxes which are the subject of this Agreement.

2. In no case shall the provisions of paragraph 1 be construed so as to impose on one of the Contracting States the obligation—
   (a) to carry out administrative measures at variance with the laws or the administrative practice of that or of the other Contracting State;
   (b) to supply particulars which are not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

**ARTICLE XXVIII**

*Diplomatic and Consular Officials*

1. Nothing in this Agreement shall affect the fiscal privileges of members of diplomatic or consular missions under the general rules of international law or under the provisions of special agreements.

2. This Agreement shall not apply to international organizations, to organs or officials thereof and to persons who are members of a diplomatic, consular of permanent mission of a third State, being present in a Contracting State and who are not liable in either Contracting State to the same obligations in relation to tax on their total world income as are residents thereof.

2. The competent authorities of the Contracting States may communicate with each other directly for the purpose of applying this Agreement.

**ARTICLE XXX**

**Entry into Force**

Each of the Contracting States shall take all measures necessary to give this Agreement the force of law within its jurisdiction and each shall notify the other of the completion of such measures. This Agreement shall enter into force on the date on which the later notification is made and shall thereupon have effect—

(a) in respect of tax withheld at the source on amounts paid or credited to non-residents on or after the first day of January in the calendar year in which the Agreement enters into force; and

(b) in respect of other tax for any year of income or any taxation year beginning on or after the first day of January in the calendar year in which the Agreement enters into force.

**ARTICLE XXXI**

**Termination**

This Agreement shall continue in effect indefinitely but either Contracting State may, on or before 30th June in any calendar year beginning after the expiration of five years from the date of its entry into force, give notice of termination to the other Contracting State and in such event this Agreement shall cease to have effect—

2. If an enterprise of a Contracting State, which has a permanent establishment in the other Contracting State, sells goods or merchandise of the same or similar kind as those sold by the permanent establishment, or renders services of the same or similar kind as those rendered by the permanent establishment, the profits of such activities may be attributed
to the permanent establishment unless it is established that such sales or services are not attributable to the activity of the permanent establishment.

3. Where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

4. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere but this does not include any expenses which, under the law of that State, would not be allowed to be deducted by an independent enterprise of that State engaged in the same or similar activities.

8. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

   (a) 15 per cent of the gross amount of the dividends if the recipient is a company which owns at least 25 per cent of the voting shares of the company paying the dividends during the period of six months immediately preceding the date of payment of the dividends;

   (b) 20 per cent of the gross amount of the dividends in all other cases.

   The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The term "dividends" as used in this Article means income from shares. "jouissance" shares or "jouissance" rights, mining shares, founders shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights including any other item which is deemed to be a dividend or distribution of a company which is subjected to the same taxation treatment as income from shares by the taxation law of that State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the recipient of the dividends, being a resident of a Contracting State carries on in the other Contracting State of which the company paying the dividends is a resident, a trade or business through a permanent establishment situated therein, or performs in that other State professional services from a fixed base situated therein, and the holding by virtue of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such a case the dividends are taxable in that other Contracting State according to its own law.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other Contracting State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.
6. Notwithstanding any provision of this Convention:

   a company which is a resident of Kenya and which has a permanent establishment in Kenya

   according to the law of that State, but if the recipient is the beneficial owner of the interest,
   the tax so charged shall not exceed 15 per cent of the amount of the interest. The competent
   authorities of the Contracting States shall by mutual agreement settle the mode of application
   of this limitation.

   or debentures, whether or not secured by mortgage and whether or not carrying a right to
   participate in profits, and debt-claims of every kind as well as all other income assimilated to
   income from money lent by the taxation of the State in which the income arises.

   resident of a Contracting State, carries on in the other Contracting State in which the interest
   arises a trade or business through a permanent establishment situated therein, or performs
   in that other State professional services from a fixed base situated therein, and the debt-
   claim in respect of which the interest is paid is effectively connected with such permanent
   establishment or fixed base. In such a case the interest is taxable in that other Contracting
   State according to its own laws.

   political or an administrative subdivision, a local authority or a resident of that State. Where,
   however, the person paying the interest, whether he is a resident of a Contracting State or
   not, has in a Contracting State a permanent establishment or a fixed base in connection with
   which the indebtedness on which the interest is paid was incurred, and that interest is borne
   by that permanent establishment or fixed base, then such interest shall be deemed to arise in
   the Contracting State in which the permanent establishment or fixed base is situated.

6. Where, owing to a special relationship between the payer and the recipient or between
   both of them and some other person, the amount of the interest paid, having regard to the
   debt-claim for which it is paid, exceeds the amount which would have been agreed upon by
   the payer and the recipient in the absence of such relationship, the provisions of this Article
   shall apply only to the last-mentioned amount. In that case, the excess part of the payments
   shall remain taxable according to the law of each Contracting State. due regard being had to
   the other provision of this Convention.

In such a case, the royalties are taxable in that other Contracting State according to its own laws.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political or an administrative subdivision, a local authority or a resident of that State. Mutual Agreement Procedure

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 23, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of this Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at an appropriate solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Agreement. They may also consult together for the elimination of double taxation in cases not provided for in this Agreement.

4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

ARTICLE 25

Exchange Of Information

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment for collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.
3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:
   (a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
   (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
   (c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

ARTICLE 26

Diplomatic Agents and Consular Officers

Nothing in this Agreement shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

ARTICLE 27

Assistance In The Collection Of Taxes

1. The Contracting States shall lend assistance to each other in the collection of revenue claims. This assistance is not restricted by Articles 1 and 2. The competent authorities of the Contracting States may by mutual agreement settle the mode of application of this Article.

2. The term “revenue claim” as used in this Article means an amount owed in respect of taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to this Agreement or any other instrument to which the Contracting States are parties, as well as interest, administrative penalties and costs of collection or conservancy related to such amount.

3. When a revenue claim of a Contracting State is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of collection by the competent authority of the other Contracting State. That revenue claim shall be collected by that other State in accordance with the provisions of its laws applicable to the enforcement and collection of its own taxes as if the revenue claim were a revenue claim of that other State.
4. When a revenue claim of a Contracting State is a claim in respect of which that
State may, under its law, take measures of conservancy with a view to ensure its
collection, that revenue claim shall, at the request of the competent authority
of that State, be accepted for purposes of taking measures of conservancy by the
competent authority of the other Contracting State. That other State shall take
measures of conservancy in respect of that revenue claim in accordance with the
provisions of its laws as if the revenue claim were a revenue claim of that other
State even if, at the time when such measures are applied, the revenue claim is not
enforceable in the first-mentioned State or is owed by a person who has a right to
prevent its collection.

5. Notwithstanding the provisions of paragraphs 3 and 4, a revenue claim accepted
by a Contracting State for purposes of paragraph 3 or 4 shall not, in that State, be
subject to the time limits or accorded any priority applicable to a revenue claim
under the laws of that State by reason of its nature as such. In addition, a revenue
claim accepted by a Contracting State for the purposes of paragraph 3 or 4 shall
not, in that State, have any priority applicable to that revenue claim under the laws
of the other Contracting State.

6. Proceedings with respect to the existence, validity or the amount of a revenue
claim of a Contracting State shall not be brought before the courts or administrative
bodies of the other Contracting State.

7. Where, at any time after a request has been made by a Contracting State under
paragraph 3 or 4 and before the other Contracting State has collected and remitted
the relevant revenue claim to the first-mentioned State, the relevant revenue claim
ceases to be:

(a) in the case of a request under paragraph 3, a revenue claim of the first-
mentioned State that is enforceable under the laws of that State and is owed
by a person who, at that time, cannot, under the laws of that State, prevent
its collection, or

(b) in the case of a request under paragraph 4, a revenue claim of the first-
mentioned State in respect of which that State may, under its laws, take
measures of conservancy with a view to ensure its collection

the competent authority of the first-mentioned State shall promptly notify the
competent authority of the other State of that fact and, at the option of the other
State, the first-mentioned State shall either suspend or withdraw its request.

8. In no case shall the provisions of this Article be construed so as to impose on a
Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and
administrative practice of that or of the other Contracting State;

(b) to carry out measures which would be contrary to public policy (ordre
public);

(c) to provide assistance if the other Contracting State has not pursued all
reasonable measures of collection or conservancy, as the case may be,
available under its laws or administrative practice;

(d) to provide assistance in those cases where the administrative burden for
that State is clearly disproportionate to the benefit to be derived by the other
Contracting State.

ARTICLE 28

Entry Into Force
1. Each of the Contracting Parties shall notify to the other the completion of the procedures required by its law for the entering into force of this Agreement. The Agreement shall enter into force on the date of the later of these notifications.

2. The provisions of this Agreement shall apply:
   (a) in Mauritius, on income for any income year beginning on or after the first day of January next following the date upon which this Agreement enters into force; and
   (b) in Kenya:
       (i) to taxes withheld at source, on amounts paid or accrued on or after the first day of January next following the date upon which the Agreement enters into force; and
       (ii) to other taxes, on income arising for years of income beginning on or after the first day of January next following the date upon which the Agreement enters into force.

ARTICLE 29

Termination

1. This Agreement shall remain in force indefinitely but either of the Contracting States may terminate the Agreement through diplomatic channels, by giving to the other Contracting State written notice of termination not later than 30 June of any calendar year starting five years after the year in which the Agreement entered into force.

2. In such event the Agreement shall cease to have effect:
   (a) in Mauritius, on income for any income year beginning on or after the first day of January next following the calendar year in which such notice is given; and
   (b) in Kenya:
       (i) to taxes withheld at source, on amounts paid or accrued on or after the first day of January next following the calendar year in which such notice is given; and
       (ii) to other taxes, on income arising for years of income beginning on or after the first day of January next following the calendar year in which such notice is given.

[L.N. 169/2017]

The Cabinet Secretary for the National Treasury declares that the arrangements made between the Government of the Republic of Kenya and the Kingdom of the Netherlands in the articles of a convention set out in the Schedule and signed on the 22nd July, 2015 with a view of affording relief from double taxation in relation to income tax and any rates of similar character imposed by the laws of Kenya, shall, notwithstanding anything to the contrary in the Act or any other written law, have effect in relation to income tax under the Act.

SCHEDULE

The Government of the Republic of Kenya and the Government of the Kingdom of the Netherlands, desiring to conclude a Convention to avoid double taxation and to prevent fiscal evasion with respect to taxes on income;

HAVE AGREED as follows:

ARTICLE 1

PERSONS COVERED

This Convention shall apply to persons who are residents of one or both of the Contracting States.

ARTICLE 2

TAXES COVERED

1. This Convention shall apply to taxes on income imposed on behalf of a Contracting State or of its political subdivisions or local authorities, irrespective of the manner in which they are levied.

2. There shall be regarded as taxes on income all taxes imposed on total income, or on elements of income, including taxes on gains from the alienation of movable or immovable property, taxes on the total amounts of wages or salaries paid by enterprises, as well as taxes on capital appreciation.

The existing taxes to which the Convention shall apply are in particular:

(a) in the case of the Netherlands:
   - de inkomstenbelasting (income tax);
   - de loonbelasting (wages tax);
   - de vennootschapsbelasting (company tax) including the Government share in the net profits of the exploitation of natural resources levied pursuant to the Mijnbouwwet (the Mining Act);
   - de dividendenbelasting (dividend tax);
   (hereinafter referred to as 'the Netherlands tax');

(b) in the case of Kenya, the income tax chargeable in accordance with the provisions of the Income Tax Act, Cap. 470;
   (hereinafter referred to as 'Kenyan tax').
4. The Convention shall apply also to any identical or substantially similar taxes that are imposed after the date of signature of the Convention in addition to, or in place of, the existing taxes. The competent authorities of the Contracting States shall notify each other of any significant changes that have been made in their taxation laws.

**ARTICLE 3**

1. For the purposes of this Convention, unless the context otherwise requires:
   (a) the terms ‘a Contracting State’ and ‘the other Contracting State’ mean the Kingdom of the Netherlands (the Netherlands) or Kenya, as the context requires;

   (c) the term ‘Kenya’ means all territory of Kenya in state boundaries, including internal and territorial waters and also special economic zone and continental shelf, and all installations erected thereon as defined in the Continental Shelf Act, over which Kenya exercises its sovereign rights for the purpose of exploiting natural resources of the seabed, its subsoil and the superjacent waters, in accordance with international law;

2. As regards the application of the Convention at any time by a Contracting State, any term not defined therein shall, unless the context otherwise requires, have the meaning that it has at that time under the law of that State for the purposes of the taxes to which the Convention applies, any meaning under the applicable tax laws of that State prevailing over a meaning given to the term under other laws of that State.

**ARTICLE 4**

**RESEIDENT**
1. For the purposes of this Convention, the term 'resident of a Contracting State' means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management, place of incorporation or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term does not include any person who is liable to tax in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 of this Article an individual is a resident of both Contracting States, then his status shall be determined as follows:
   (a) he shall be deemed to be a resident only of the Contracting State in which he has a permanent home available to him; if he has a permanent home available to him in both Contracting States, he shall be deemed to be a resident only of the Contracting State with which his personal and economic relations are closer (centre of vital interests);
   (b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either Contracting State, he shall be deemed to be a resident only of the Contracting State in which he has an habitual abode;
   (c) if he has an habitual abode in both Contracting States or in neither of them, he shall be deemed to be a resident only of the Contracting State of which he is a national;
   (d) if the residence status of an individual cannot be determined in accordance with the provisions of subparagraphs (a), (b) and (c) above, then the competent authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 of this Article a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated.

**ARTICLE 5**

**PERMANENT ESTABLISHMENT**

1. For the purposes of this Convention, the term 'permanent establishment' means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term 'permanent establishment' includes especially:
   (a) a place of management;
   (b) a branch;
   (c) an office;
   (d) a factory;
   (e) a workshop, and
   (f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

3. A building site or construction or installation project constitutes a permanent establishment only if it lasts more than nine months.

4. Notwithstanding the preceding provisions of this Article, the term 'permanent establishment' shall be deemed not to include:
   (a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
   (b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;
   (c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information for the enterprise;

(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;

(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in sub-paragraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person - other than an agent of an independent status to whom paragraph 7 applies - is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. Notwithstanding the preceding provisions of this article, an insurance enterprise of a Contracting State shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 7 applies.

7. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

ARTICLE 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term ‘immovable property’ shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting, or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

ARTICLE 7
BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3 of this Article, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses incurred, whether in the State in which the permanent establishment is situated or elsewhere.

4. Insofar as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 of this Article shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

SHIPPING AND AIR TRANSPORT

1. Profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. Notwithstanding paragraph 1 of this Article where an enterprise derives profits from the operation of ships in international traffic in the other Contracting State:

   (a) such profits shall be deemed to be an amount not exceeding 5 per cent of the full amount received by the enterprise on account of the carriage of passengers or freight embarked in that other State; and

   (b) the tax chargeable in that other state shall be reduced by an amount equal to fifty per cent thereof.

3. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.
4. The provisions of paragraphs 1 and 2 of this Article shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9

ASSOCIATED ENTERPRISES

1. Where:
   (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State;
   (b) or the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

ARTICLE 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed
   (a) 10% of the gross amount of the dividends in case the company paying the dividends is a resident of Kenya; and
   (b) 15 % of the gross amount of the dividends in case the company paying the dividends is a resident of the Netherlands.

3. Notwithstanding the provisions of paragraph 2, the Contracting State of which the company is a resident shall not levy a tax on dividends paid by that company, if the beneficial owner of the dividends is:
   (a) a company the capital of which is wholly or partly divided into shares and which is a resident of the other Contracting State and holds directly at least 10 per cent of the capital of the company paying the dividends; or
   (b) a pension fund that is recognised and controlled according to the statutory provisions of the other Contracting State.

4. The provisions of paragraphs 2 and 3 shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.
5. The term "dividends" as used in this Article means income from shares, 'jouissance' shares or 'jouissance' rights, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

6. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State, of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other state independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or a fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

7. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

8. No relief shall be available under this Article if it was the main purpose or one of the main purposes of any person concerned with an assignment of the dividends, or with the creation or assignment of the shares or other rights in respect of which the dividend is paid, or with the establishment, acquisition or maintenance of the company that is the beneficial owner of the dividends and the conduct of its operations, to take advantage of this Article.

**ARTICLE 11**

**INTEREST**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, subject to the provisions of paragraph 3 of this Article, such interest may also be taxed in the Contracting State in which it arises and according to the law of that State, but if the beneficial owner of the interest is a resident of the other Contracting State the tax so charged shall not exceed 10 per cent of the gross amount of the interest. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. Notwithstanding the provisions of paragraph 2 of this Article, interest referred to in paragraph 1 shall be taxable only in the Contracting State of which recipient is a resident, if such resident is the beneficial owner of such interest and if one of the following conditions is met:

   (a) such recipient is a Contracting State, a local authority or a statutory body thereof, including the Central Bank of that State; or such interest is paid by one of those States, local authorities or statutory bodies;

   (b) such interest is paid in respect of a debt-claim or of a loan directly or indirectly guaranteed or insured or subsidised by a Contracting State or by any other person sponsored or directly or indirectly controlled by a Contracting State;

   (c) such interest is paid to a pension fund that is recognised and controlled according to the statutory provisions of a Contracting State.
4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1, 2 and 3 of this Article shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or a fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, a political subdivision, or a local authority thereof or a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

8. No relief shall be available under this Article if it was the main purpose or one of the main purposes of any person concerned with an assignment of the interest or with the creation or assignment of the debt-claim in respect of which the interest is paid or with the establishment acquisition or maintenance of the company that is the beneficial owner of the interest and the conduct of its operations to take advantage of this Article. The competent authority of the Contracting State has to grant the benefits shall consult with the competent authority of the other Contracting State before denying the benefits under this paragraph.

**ARTICLE 12**

**ROYALTIES**

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise, and according to the law of that State, but if the beneficial owner is a resident of the other Contracting State, the tax so charged shall not exceed 10 percent of the gross amount of the royalties.

3. The term 'royalties' as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work including cinematograph films, any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.
4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein or performs in that other State independent personal services from a fixed base situated therein and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, a political sub-division, or a local authority thereof or a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base with which the right or property in respect of which the royalties are paid is effectively connected, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

7. No relief shall be available under this Article if it was the main purpose or one of the main purposes of any person concerned with the assignment of the royalties or with the creation or assignment of the rights in respect of which the royalties are paid or with the establishment acquisition or maintenance of the company that is the beneficial owner of the royalties and the conduct of its operations, to take advantage of the Article. The competent authority of the Contracting State which has to grant the benefits shall consult with the competent authority of the other Contracting State before denying the benefits under this paragraph.

   (b) if his stay in the other Contracting State is for a period or periods amounting to or exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned; in that case, only so much of the income as is derived from his activities performed in that other State may be taxed in that other State.

2. The term “professional services” includes especially independent scientific, literary, artistic, educational or teaching activities as well as the independent activities of physicians, lawyers, engineers, architects, dentists and accountants.

**ARTICLE 15**

**INCOME FROM EMPLOYMENT**

1. Subject to the provisions of Articles 16, 18, 19 and 20 salaries, wages and other similar remuneration derived by a resident of a Contracting State in respect of an employment shall be taxable only in that State unless the employment is exercised in the other Contracting State. If the employment is so exercised, such remuneration as is derived therefrom may be taxed in that other State.

2. Notwithstanding the provisions of paragraph 1, remuneration derived by a resident of a Contracting State in respect of an employment exercised in the other Contracting State shall be taxable only in the first-mentioned State if:
   (a) the recipient is present in the other State for a period or periods not exceeding in the aggregate 183 days in any twelve month period commencing or ending in the fiscal year concerned;
   (b) the remuneration is paid by or on behalf of an employer who is not a resident of the other State; and the remuneration is not borne by a permanent establishment or a fixed base which the employer has in the other State.

3. Notwithstanding the preceding provisions of this Article, remuneration derived by a resident of a Contracting State in respect of an employment exercised aboard a ship or aircraft operated in international traffic, shall be taxable only in that State.

**ARTICLE 16**

**DIRECTORS’ FEES**

Directors’ fees and other remuneration derived by a resident of a Contracting State in his capacity as a member of the board of directors of a company which is a resident of the other Contracting State may be taxed in that other State.

**ARTICLE 17**

**ARTICLE ENTERTAINERS AND SPORTSPERSONS**

1. Notwithstanding the provisions of Articles 7, 14 and 15, income derived by a resident of a Contracting State as an entertainer, such as a theatre, motion picture, radio or television artiste, or a musician, or as a sportsperson, from his personal activities as such exercised in the other Contracting State, may be taxed in that other State.
2. Where income in respect of personal activities exercised by an entertainer or a sportsperson in his capacity as such accrues not to the entertainer or sportsperson himself but to another person, that income may, notwithstanding the provisions of Articles 7, 14 and 15, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercised.

3. The provisions of paragraphs 1 and 2 shall not apply to income derived by a resident of a Contracting State from activities exercised in the other Contracting State, if the visit to that other State is wholly or mainly supported by public funds of one or both of the Contracting States or political subdivisions or local authorities thereof, or takes place under a cultural agreement between the Governments of the Contracting States. In such case, the income shall be exempt from tax in the Contracting State in which the activities are exercised.

ARTICLE 18

PENSIONS, ANNUITIES AND SOCIAL SECURITY PAYMENTS

1. Pensions, annuities and other similar remuneration, arising in a Contracting State and paid to a resident of the other Contracting State, may be taxed in the first-mentioned State. The preceding sentence shall also apply to pensions paid and other payments made under the provisions of the social security legislation of a Contracting State.

2. The term “annuity” means a stated sum payable periodically at stated times during life or during a specified or ascertainable period of time under an obligation to make payments in return for adequate and full consideration in money or money’s worth.

3. The provisions of this Article shall also apply in case a lump sum payment is made in lieu of a pension, an annuity or other similar remuneration before the date on which the pension, the annuity or other similar remuneration commences.

4. A pension, an annuity or other similar remuneration shall be deemed to arise in a Contracting State if and insofar as the contributions or payments associated with the pension, annuity or similar remuneration, or the entitlements received from it qualified for tax relief in that State. The transfer of a pension from a pension fund or an insurance company in a Contracting State to a pension fund or an insurance company in another State shall not restrict in any way the taxing rights of the first-mentioned State under this Article.

ARTICLE 19

1. (a) Salaries, wages and other similar remuneration paid by a Contracting State or a political subdivision or a local authority thereof, to an individual in respect of services rendered to that State or subdivision or authority shall be taxable only in that State:

   (b) However, such salaries, wages and other similar remuneration shall be taxable only in the other Contracting State if the services are rendered in that State and the individual is a resident of that State who:

   (i) is a national of that State; or

   (ii) did not become a resident of that State solely for the purpose of rendering the services.

2. The provisions of Articles 15, 16, 17 and 18 shall apply to salaries, wages and other similar remuneration in respect of services rendered in connection with a business carried on by a Contracting State or a political subdivision or a local authority thereof.

ARTICLE 20

PROFESSORS AND TEACHERS
1. Notwithstanding the provisions of Article 15, a professor or teacher who makes a temporary visit to a Contracting State for a period not exceeding two years for the purpose of teaching or carrying out research at a university, college, school or other educational institution and who is, or immediately before such visit was, a resident of the other Contracting State shall, in respect of remuneration for such teaching or research, be exempt from tax in the first-mentioned State, provided that such remuneration is derived by him from outside that State and such remuneration is subject to tax in that other State.

2. The provisions of this Article shall not apply to income from research if such research is undertaken not in the public's interest but wholly or mainly for the private benefit of a specific person or persons.

**ARTICLE 21**

**STUDENTS AND BUSINESS APPRENTICES**

**ARTICLE 22**

**OTHER INCOME**

1. Items of income of a resident of a Contracting State, wherever arising, not dealt with in the foregoing Articles of this Convention shall be taxable only in that State.

2. The provisions of paragraph 1 shall not apply to income, other than income from immovable property as defined in paragraph 2 of Article 6, if the recipient of such income, being a resident of a Contracting State, carries on business in the other Contracting State through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the income is paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

**ARTICLE 23**

**ELIMINATION OF DOUBLE TAXATION**

1. The Netherlands, when imposing tax on its residents, may include in the basis upon which such taxes are imposed the items of income which, according to the provisions of this Convention, may be taxed or shall be taxable only in Kenya.

2. However, where a resident of the Netherlands derives items of income which according to paragraphs 1, 5 and 4 of Article 6, paragraph 1 of Article 7, paragraph 6 of Article 10, paragraph 5 of Article 11, paragraph 4 of Article 12, paragraphs 1 and 2 of Article 13, paragraph 1 of Article 14, paragraph 1 of Article 15, paragraph 1 of Article 18, paragraph 1(a) of Article 19 and paragraph 2 of Article 22 of this Convention may be taxed in Kenya and are included in the basis referred to in paragraph 1, the Netherlands shall exempt such items of income by allowing a reduction of its tax. This reduction shall be computed in conformity with the provisions of the Netherlands law for the avoidance of double taxation. For that purpose the said items of income shall be deemed to be included in the amount of the items of income which are exempt from Netherlands tax under those provisions.

3. Further, the Netherlands shall allow a reduction from the Netherlands tax so computed for the items of income which according to paragraph 2 of Article 8, paragraph 2 of Article 10,
paragraph 2 of Article 11, paragraph 2 of Article 12, Article 16, paragraphs 1 and 2 of Article 17 and paragraph 3 of Article 18 of this Convention may be taxed in Kenya to the extent that these items are included in the basis referred to in paragraph 1. The amount of this reduction shall be equal to the tax paid in Kenya on these items of income, but shall, in case the provisions of the Netherlands law for the avoidance of double taxation provide so, not exceed the amount of the reduction which would be allowed if the items of income so included were the sole items of income for which the Netherlands gives a reduction under the provisions of the Netherlands law for the avoidance of double taxation.

This paragraph shall not restrict allowance now or hereafter accorded by the provisions of the Netherlands law for the avoidance of double taxation, but only as far as the calculation of the amount of the reduction of Netherlands tax is concerned with respect to the aggregation of income from more than one country and the carry forward of the tax paid in Kenya on the said items of income to subsequent years.

4. Notwithstanding the provisions of paragraph 2, of this Article the Netherlands shall allow a reduction from the Netherlands tax for the tax paid in Kenya on items of income which according to paragraph 1 of Article 7, paragraph 6 of Article 10, paragraph 5 of Article 11, paragraph 4 of Article 12, paragraph 2 of Article 13 and paragraph 2 of Article 22 of this Convention may be taxed in Kenya to the extent that these items are included in the basis referred to in paragraph 1, insofar as the Netherlands under the provisions of the Netherlands law for the avoidance of double taxation allows a reduction from the Netherlands tax of the tax levied in another country on such items of income. For the computation of this reduction the provisions of paragraph 3 of this Article shall apply accordingly.

5. In Kenya double taxation shall be eliminated as follows:

(a) where a resident of Kenya receives income derived from sources within the Netherlands, which, in accordance with the provisions of this Convention, shall be taxable only in the Netherlands and is exempt from Kenyan tax, then Kenya may, in calculating the tax on the remaining income of that person, apply the rate of tax which would have been applicable if the income derived from the sources within the Netherlands had not been exempted;

(b) where a resident of Kenya receives income derived from sources within the Netherlands, which, in accordance with the provisions of this Convention may be taxed in both Contracting States, then Kenya shall allow as a deduction from the tax on the income of that person an amount equal to the tax paid in the Netherlands. Such a deduction, however, shall not exceed that part of the Kenyan tax as computed before the deduction is given, which is appropriate to the income derived from the Netherlands.

**ARTICLE 24**

**NON-DISCRIMINATION**

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. Stateless persons who are residents of a Contracting State shall not be subjected in either Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of the State concerned in the same circumstances, in particular with respect to residence, are or may be subjected.
3. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

4. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 6 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

5. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

6. Contributions paid by, or on behalf of, an individual who exercises employment or self-employment in a Contracting State to a pension scheme that is recognised for tax purposes in the other Contracting State shall be treated in the same way for tax purposes in the first-mentioned State as a contribution paid to a pension scheme that is recognised for tax purposes in that first-mentioned State:

   Provided that:
   (a) such individual was contributing to such pension scheme before he became a resident of the first-mentioned State; and
   (b) the competent authority of the first-mentioned State agrees that the pension scheme generally corresponds to a pension plan recognised for tax purposes by that State.

   For the purpose of this paragraph, “pension scheme” includes a pension scheme created under a public social security system.

7. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

**ARTICLE 25**

**MUTUAL AGREEMENT PROCEDURE**

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 24 to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the
Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.

4. The competent authorities of the Contracting States may communicate with each other directly for the purpose of reaching an agreement in the sense of the preceding paragraphs.

5. Where:
   (a) under paragraph 1 of this Article, a person has presented a case to the competent authority of a Contracting State on the basis that the actions of one or both of the Contracting States have resulted for that person in taxation not in accordance with the provisions of this Convention, and
   (b) the competent authorities are unable to reach an agreement to resolve that case pursuant to paragraph 2 of this Article within two years from the presentation of the case to the competent authority of the other Contracting State, any unresolved issues arising from the case shall be submitted to arbitration if the person so requests.

Unless a person directly affected by the case does not accept the mutual agreement that implements the arbitration decision, that decision shall be binding on both Contracting States and shall be implemented notwithstanding any time limits in the domestic laws of these States. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this paragraph.

ARTICLE 26
EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

3. The Contracting States may release to the panel of arbitrators, established under the provisions of paragraph 5 of Article 25, such information as is necessary for carrying out the arbitration procedure. The members of the arbitration board shall be subject to the limitations on disclosure described in paragraph 2 of this Article with respect to any information so released.

4. In no case shall the provisions of the previous paragraphs be construed so as to impose on a Contracting State the obligation:
   (a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
   (b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
   (c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (ordre public).
5. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 4 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

6. In no case shall the provisions of paragraph 4 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

ARTICLE 27

ASSISTANCE IN THE COLLECTION OF TAXES

1. The Contracting States shall lend assistance to each other in the collection of revenue claims. This assistance is not restricted by Articles 1 and 2. The competent authorities of the Contracting States may by mutual agreement settle the mode of application of this Article.

2. The term “revenue claim” as used in this Article means an amount owed in respect of taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to this Convention or any other instrument to which the Contracting States are parties, as well as interest, administrative penalties and costs of collection or conservancy related to such amount.

3. The provisions of this Article shall apply only to a revenue claim that forms the subject of an instrument permitting enforcement in the applicant State and, unless otherwise agreed between the competent authorities, that is not contested. However, where the claim relates to a liability to tax of a person as a non-resident of the applicant State, this Article shall only apply, unless otherwise agreed between the competent authorities, where the claim may no longer be contested. The revenue claim shall be collected by that other State in accordance with the provisions of its laws applicable to the enforcement and collection of its own taxes as if the revenue claim were a revenue claim of that other State.

4. When a revenue claim of a Contracting State is a claim in respect of which that State may, under its law, take measures of conservancy with a view to ensure its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of taking measures of conservancy by the competent authority of the other Contracting State. That other State shall take measures of conservancy in respect of that revenue claim in accordance with the provisions of its laws as if the revenue claim were a revenue claim of that other State even if, at the time when such measures are applied, the revenue claim is not enforceable in the first-mentioned State or is owed by a person who has a right to prevent its collection.

5. Notwithstanding the provisions of paragraphs 3 and 4, a revenue claim accepted by a Contracting State for purposes of paragraph 3 or 4 shall not, in that State, be subject to the time limits or accorded any priority applicable to a revenue claim under the laws of that State by reason of its nature as such. In addition, a revenue claim accepted by a Contracting State for the purposes of paragraph 3 or 4 shall not, in that State, have any priority applicable to that revenue claim under the laws of the other Contracting State.

6. Proceedings with respect to the existence, validity or the amount of a revenue claim of a Contracting State shall not be brought before the courts or administrative bodies of the other Contracting State.
7. Where, at any time after a request has been made by a Contracting State under paragraph 3 or 4 and before the other Contracting State has collected and remitted the relevant revenue claim to the first-mentioned State, the relevant revenue claim ceases to be:

(a) in the case of a request under paragraph 3, a revenue claim of the first-mentioned State that is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, or

(a) in the case of a request under paragraph 4, a revenue claim of the first-mentioned State in respect of which that State may, under its laws, take measures of conservancy with a view to ensure its collection,

the competent authority of the first-mentioned State shall promptly notify the competent authority of the other State of that fact and, at the option of the other State, the first-mentioned State shall either suspend or withdraw its request.

8. In no case shall the provisions of this Article be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to carry out measures which would be contrary to public policy (ordre public);

(c) to provide assistance if the other Contracting State has not pursued all reasonable measures of collection or conservancy, as the case may be, available under its laws or administrative practice;

(d) to provide assistance in those cases where the administrative burden for that State is clearly disproportionate to the benefit to be derived by the other Contracting State.

ARTICLE 28

MEMBERS OF DIPLOMATIC MISSIONS AND CONSULAR POSTS

Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

For the purposes of the Convention, an individual who is a member of a diplomatic mission or consular post of a Contracting State in the other Contracting State or in a third State and who is a national of the sending State shall be deemed to be a resident of the sending State if he is subjected therein to the same obligations in respect of taxes on income as are residents of that State.

The Convention shall not apply to international organisations, organs and officials thereof and members of a diplomatic mission or consular post of a third State, being present in a Contracting State, if they are not subjected therein to the same obligations in respect of taxes on income as are residents of that State.

ARTICLE 29

TERRITORIAL EXTENSION

This Convention may be extended, either in its entirety or with any necessary modifications, to Aruba, Curaçao, Sint Maarten, or the Caribbean parts of the Kingdom of the Netherlands (Bonaire, Saba and Sint Eustatius), if the part concerned imposes taxes substantially similar in character to those to which the Convention applies. Any such extension shall take effect from such date and shall be Subject to such modifications and conditions, including conditions as to termination, as may be specified and agreed in notes to be exchanged through diplomatic channels.
Unless otherwise agreed the termination of the Convention shall not also terminate any extension of the Convention to any country to which it has been extended under this Article.

**ARTICLE 30**

**ENTRY INTO FORCE**

This Convention shall enter into force on the last day of the month following the month after the latter of the dates on which the respective Contracting Parties have notified each other in writing that the formalities required by its law for the bringing into force of this Agreement have been complied with. Its provisions shall thereupon have effect as follows:

(a) in the Netherlands for taxable years and periods beginning on or after the first day of January in the calendar year following that in which the Convention has entered into force;

(b) in Kenya:

   to taxes withheld at source, on amounts paid or accrued on or after the first day of January next following the date upon which the Convention enters into force; and to other taxes, on income arising for years of income beginning on or after the first day of January next following the date upon which the Convention enters into force.

**ARTICLE 31**

**TERMINATION**

1. This Convention shall remain in force indefinitely. Either Contracting State may terminate the Convention through diplomatic channels, by giving to the other Contracting State written notice of termination not later than the 30th June of any calendar year starting five years after the year in which the Convention entered into force.

2. In such event the Convention shall cease to have effect:

(a) in the Netherlands: on income for the taxable year or period beginning on or after the first day of January next following the calendar year in which such notice is given;

(b) in Kenya:

   (i) with regard to taxes withheld at source, on amounts paid or accrued after the end of the calendar year in which such notice is given; and

   (ii) with regard to other taxes, on income arising for years of income beginning after the end of the calendar year in which such notice is given.

**PROTOCOL**

At the signing of the Convention for the avoidance of double taxation and the prevention of fiscal evasion with respect to taxes on income, this day concluded between the Kingdom of the Netherlands and the Republic of Kenya the undersigned have agreed that the following provisions shall form an integral part of the Convention.

I In case an entity that is treated as a body corporate for tax purposes is liable as such to tax in a Contracting State, but the income of that entity is taxed in the other Contracting State as income of the participants in that entity, the competent authorities shall take such measures that on the one hand no double taxation remains, but on the other hand it is prevented that merely as a result of application of the Convention income is (partly) not subject to tax.

II It is understood that if the competent authorities of the Contracting States, by mutual agreement, have reached a solution within the context of the Convention, for cases in which double taxation or double exemption would occur:

(a) as a result of the application of paragraph 2 of Article 5 with respect to the interpretation of a term not defined in the Convention; or
(b) as a result of differences in qualification (for example of an item of income or of a person), this solution-after publication thereof by both competent authorities - shall also be binding in other similar cases in the application of the provisions of the Convention.

III Ad Article

1 Notwithstanding Article 1, a company which is treated as a vrijgestelde beleggingsinstelling (tax exempt investment institution) according to article 6a Wet op de Vennootschapsbelasting 1969 (Dutch Corporate Income Tax Act 1969) or any identical or substantially similar regime introduced after today shall not be entitled to the benefits of Articles 10, 11, 12, 15, 22 and 23 of the Convention and the corresponding articles of the Protocol.

2. The competent authorities of the Contracting States shall by mutual agreement decide to which extent other specific categories of residents of one of the Contracting States shall not be entitled to the benefits of this Convention.

IV Ad Article 4

A company shall be regarded to be liable to tax:

(a) in the Netherlands, if the company is a resident of the Netherlands for the purposes of the company tax;

VI Ad Article 7

(i) In respect of paragraphs 1 and 2 of Article 7, where an enterprise of a Contracting State sells goods or merchandise or carries on business in the other Contracting State through a permanent establishment situated therein, the profits of that permanent establishment shall not be determined on the basis of the total amount received by the enterprise, but shall be determined only on the basis of that portion of the income of the enterprise that is attributable to the actual activity of the permanent establishment in respect of such sales or business.

(ii) Specifically, in the case of contracts for the survey, supply, installation or construction of industrial, commercial or scientific equipment or premises, or of public works, when the enterprise has a permanent establishment, the profits attributable to such permanent establishment shall not be determined on the basis of the total amount of the contract, but shall be determined only on the basis of that part of the contract that is carried out by the permanent establishment in the Contracting State in which the permanent establishment is situated. The profits related to that part of the contract which is carried out by the head office of the enterprise shall be taxable only in the Contracting State of which the enterprise is a resident.

VII Ad Article 7

In relation to paragraph 1 of Article 7, it is agreed that, if an enterprise of a Contracting State sells goods or merchandise of the same or similar kind as those sold by the permanent establishment, or carries out business activities of the same or similar kind as those carried out by the permanent establishment, the profits of such sales or activities may be attributed to the permanent establishment if it is demonstrated:
(a) that these profits are related to the activities of the permanent establishment;
(b) and that no sound business reasons exist for not conducting the activities through the
permanent establishment.

VIII Ad Article 7 and 15

Payments received as a consideration for technical services, including studies or surveys
of a scientific, geological or technical nature, or for consultancy or supervisory services shall

new method of attribution of profits to permanent establishments as developed by the OECD

such as cost sharing arrangements or general services agreements, for or based on the
allocation of executive, general administrative, technical and commercial expenses, research
and development expenses and other similar expenses, is not in itself a condition as meant
in paragraph 1 of Article 9.

XI Ad Article 8

It is understood that the provisions of Article 8 shall also apply to taxes on income
levied on the basis of the gross receipts in respect of the carriage of passengers and cargo in
international traffic.

**PERMANENT ESTABLISHMENT**

1. For the purposes of this Agreement, the term ‘permanent establishment’ means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term ‘permanent establishment’ includes:
   (a) a place of management;

(a) the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise;

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person other than an agent of an independent status to whom paragraph 7 applies is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to reinsurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums on the territory of that other Contracting State or insures risks situated therein through a person, other than an agent of an independent status to whom paragraph 7 applies.

7. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, and conditions are made or imposed between that enterprise and the agent in their commercial and financial relations which differ from those which would have been made between independent enterprises, he will not be considered an agent of an independent status within the meaning of this paragraph.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any

**Article 7**

**BUSINESS PROFITS**

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

2. Subject to the provisions of paragraph 3 of this Article, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. Nothing in this paragraph shall require a Contracting State to allow the deduction of any expenditure which, by reason of its nature, is not generally allowed as a deduction under the taxation laws of that State.

4. In so far as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

**Article 8**

**SHIPPING AND AIR TRANSPORT**
1. Profits from the operation of ships or aircrafts in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.

3. The provisions of paragraph 1 shall apply to profits from the use or rental of containers (including trailers, barges and related equipment for the transport of containers) used for the transpor in international traffic of goods or merchandise.

1. Where:
   (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or
   (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and

   in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State-and taxes accordingly profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State may make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall, if necessary, consult each other.

**Article 10**

**DIVIDENDS**

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxable in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed:
   (a) five (5) per cent of the gross amount of the dividends if the beneficial owner is a company (other than a partnership) which holds directly or indirectly at least 10 percent of the capital of the company paying the dividends;
(b) ten (10) per cent of the gross amount of the dividends in all other cases.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. Notwithstanding provisions of paragraphs 1 and 2 of this Article, dividends paid by a company which is a resident of a Contracting State shall not be taxable in that Contracting State if the beneficial owner of the dividend is the other Contracting State, its political subdivisions, local authorities, statutory bodies, Central Bank or any entity wholly owned directly or indirectly by that other State, including, in the case of Qatar, Qatar Investment Authority and Qatar Holding.

4. The term 'dividends' as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.

5. The provisions of paragraphs 1 and 2 of this Article shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in the other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11

In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether that person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner of the interest or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

**Article 12**

**ROYALTIES**

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. 4. The provisions of paragraphs 1 and 2 of this Article shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in the other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such case, the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment or fixed base, then such royalties shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.
6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

3. In no case shall the provisions of paragraphs (1) and (2) of this Article be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
(b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy.

4. If information is requested by a Contracting State in accordance with this article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph (3) of this Article but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph (3) of this Article be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

Nothing in this Agreement shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.

1. For the purposes of this Agreement, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management, place of incorporation or registration or any other criterion of a similar nature. (b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by the enterprise for such purpose, but only
where activities of that nature continue for the same or a connected project within the Contracting State for a period or periods exceeding in the aggregate 6 months in any twelve month period commencing or ending in the tax year concerned.

4. Notwithstanding the preceding provisions of this Article, the term ‘permanent establishment’ shall be deemed not to include:

(a) he has, and habitually exercises, a general authority in the first-mentioned State to conclude contracts in the name of the enterprise, unless his activities are limited to the purchase of goods or merchandise for the enterprise; or
(b) he maintains in the first-mentioned State a stock of goods or merchandise belonging to the enterprise from which he regularly delivers goods or merchandise on behalf of the enterprise.

6. Notwithstanding the preceding provisions of this article, an insurance enterprise of a Contracting State shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 7 applies.

7. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property, including income from agriculture or forestry, is taxable in the Contracting State in which such property is situated.
2. The term ‘immovable property’ shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources. Ships, boats and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting or use in any other form of immovable property and to income from the alienation of such property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

**Article 7**

**BUSINESS PROFITS**

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to (a) that permanent establishment; (b) sales in that other state of goods or merchandise of the same or similar kind as those sold through that permanent establishment; (c) other business activities carried on in that other state of the same or similar kind as those effected through that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment:

(a) there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. Nothing in this paragraph shall require a Contracting State to allow the deduction of any expenditure which, by reason of its nature, is not allowed as a deduction under the taxation laws of that State; and

(b) no account shall be taken of amounts charged, by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. In so far as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary. The method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.
5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

**ARTICLE 8**

**SHIPPING AND AIR TRANSPORT**

1. Profits from the operation of ships or aircrafts in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.

2. For the purpose of this Article, profits from the operation in international traffic of ships or aircraft shall include in particular:

   (a) profits derived from the rental or lease by the enterprise on a bare boat charter basis of ships or aircraft used in international traffic where such rental or lease is ancillary to the transportation of passengers or cargo;

   (b) profits derived from the use, maintenance, rental or lease of containers by the enterprise where such use, maintenance, rental or lease is ancillary to the transportation of cargo.

3. If the place of effective management of a shipping enterprise is aboard a ship or boat, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship or boat is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship or boat is a resident.

4. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

**Article 9**

**ASSOCIATED ENTERPRISES**

1. Where:

   (a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

   (b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

   and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State and taxes accordingly profits on which an enterprise of the other Contracting State has been charged to tax in that other State and where the competent authorities of the Contracting State agree, upon consultation, that all or part of the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two
enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those agreed profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement.

3. A Contracting State shall not change the profits of an enterprise in the circumstances referred to in paragraph 1 after the expiry of the time limits provided in its national laws.

4. The provisions of paragraph 3 shall not apply in the case of fraud, evasion, wilful default or neglect.

**Article 10**

**DIVIDENDS**

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the recipient is the beneficial owner of the dividends and is a resident of the other Contracting State, the tax so charged to the beneficial owner shall not exceed 5 percent of the gross amounts of the dividends.

   This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term ‘dividends’ as used in this Article means income from shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from the shares by the laws of the Contracting State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such a case, the provisions of Article 7 shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, no tax may be imposed on the beneficial owner in that other State on the dividends paid by the company except in so far as such dividends are paid to a resident of that other State or in so far as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company’s undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

**Article 11**

**INTEREST**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other Contracting State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the law of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 percent of the gross amount of the interest.
3. Interest arising in a Contracting State shall be exempt from tax in that State if it is derived and beneficially owned by:
   (a) the Government, its county governments, political subdivisions or local authorities of the other Contracting State; or
   (b) any institution, body or board which is wholly owned by the Government, its county governments, political subdivisions or local authorities of the other Contracting State.

4. The term ‘interest’ as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor’s profits, and in particular, income from government securities and income from bonds or debentures including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

5. The provisions of paragraphs 1, 2 and 3 of this Article shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article 7, as the case may be shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is that State itself, its county governments, political subdivisions or local authorities or a resident of that State. 7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount of interest. In such a case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

In such a case, the provisions of Article 7 shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is that State itself, its county governments, political subdivisions or local authorities or a resident of that State. 2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. The case must be presented within two years from the first notification of the action resulting in taxation not in accordance with the provisions of this Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.

**EXCHANGE OF INFORMATION**

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic law concerning taxes covered by this Agreement in so far as the taxation there under is not contrary to the Agreement, in particular for the prevention of fraud or evasion of such taxes. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions.

3. In no case shall the provisions of paragraph 1 be construed so as to impose on a Contracting State the obligation:

   (a) to carry out administrative measures at variance with the laws or the administrative practice of that or of the other Contracting State;
(b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process or information, the disclosure of which would be contrary to public policy.

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

**Article 29**

**TERMINATION**

1. This Agreement shall remain in force indefinitely but any of the Contracting States may terminate the Agreement through diplomatic channels, by giving to the other Contracting State written notice of termination not later than 30th June of any calendar year starting five years after the year in which the Agreement entered into force.

2. In such event the Agreement shall cease to have effect as follows:

similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources therein.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting State, then that individual’s status shall be determined as follows:
   (a) the individual shall be deemed to be a resident only of the State in which a permanent home is available to the individual; if a permanent home is available to the individual in both States, the individual shall be deemed to be a resident only of the state with which the individual’s personal and economic relations are closer (centre of vital interests);
   (b) if the State in which the centre of vital interests is situated cannot be determined, or if the individual has not a permanent home available in either State, the individual shall be deemed to be a resident only of the State in which the individual has an habitual abode:
   (c) if the individual has an habitual abode in both States or in neither of them, the individual shall be deemed to be a resident only of the State of which the individual is a national;
   (d) if the individual is a national of both States or of neither of them, the component authorities of the Contracting States shall settle the question by mutual agreement.

3. Where by reason of the provisions of paragraph 1 a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident only of the State in which its place of effective management is situated.

**Article 5**

**Permanent Establishment**

1. For the purposes of this Agreement, the term ‘permanent establishment’ means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term ‘permanent establishment’ includes especially:
   (a) a place of management;
   (b) a branch;
   (c) an office;
   (d) a factory;
   (e) a workshop, and
   (f) a mine, an oil or gas well, a quarry or any other place of extraction or exploitation of natural resources.

3. The term ‘permanent establishment’ likewise encompasses:
   (a) a building site, a construction, assembly or installation project or any supervisory activity in connection with such site or project, but only where such site, project or activity lasts for more than six months;
   (b) the furnishing or services, including consultancy services, by an enterprise through employees or other personnel engaged by an enterprise for such purpose, but only if activities of that nature continue (for the same or a connected project) within the Contracting State for a period or periods exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned.
4. Notwithstanding the preceding provisions of this Article, the term ‘permanent establishment’ shall be deemed not to include:

(a) the use of facilities solely for the purpose of storage or display of goods or merchandise belonging to the enterprise;
(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage or display;
(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;
(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise, or of collecting information, for the enterprise;
(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise any other activity of a preparatory or auxiliary character; and
(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e) provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person—other than an agent of an independent status to whom paragraph 7 applies is acting in a Contracting State on behalf of an enterprise of the other Contracting State that enterprise shall be deemed to have a permanent establishment in the first-mentioned Contracting State in respect of any activities which that person undertakes for the enterprise, if such a person:

(a) has and habitually exercises in that State an authority to conclude contracts in the name of the enterprise, unless the activities of such a person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph; or
(b) has no such authority, but habitually maintains in the first-mentioned State stock of goods or merchandise from which such person regularly delivers goods or merchandise on behalf of the enterprise.

6. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to re-insurance, be deemed to have a permanent establishment in the other Contracting State if it collects premiums in the territory of that other State or insures risks situated therein through a person other than an agent of an independent status to whom paragraph 7 applies.

7. An enterprise of a Contracting State shall not be deemed to have a permanent establishment in the other Contracting State merely because it carries on business in that other State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business. However, when the activities of such an agent are devoted wholly or almost wholly on behalf of that enterprise, and conditions are made or imposed between that enterprise and the agent in their commercially and financial relations which differ from those which would have been made between independent enterprises, such agent will not be considered an agent of an independent status within the meaning of this paragraph.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment or the other.

Article 6
Income from Immovable Property

1. Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

2. The term “immovable property” shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources. Ships, boats and aircrafts shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting or use in any other form of immovable property.

4. The provisions of paragraph 1 and 3 shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

Article 7

Business Profits

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to:
   
   that permanent establishment;
   
   sales in that other State of goods or merchandise of the same or similar kind as those sold through that permanent establishment; or
   
   (c) other business activities carried on in that other State of the same or similar kind as those effected through that permanent establishment.

   However, the profits derived from the sales or activities described in subparagraphs (b) and (c) shall not be taxable in the other Contracting State if the enterprise demonstrates that such sales or activities have been carried out for reasons other than obtaining a benefit under this Agreement.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In the determination of the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. However, no such deductions shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way or royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the
determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the head office of the enterprise or any of its other offices.

4. In so far as it has been customary in Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary. The method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

Shipping and Air Transport

1. Profits of an enterprise of a Contracting State from the operation of aircraft in international traffic shall be taxable only in that State.

2. Profits of an enterprise of a Contracting State from the operation of ships in international traffic may be taxed in that State. However, such profits derived from sources within the other Contracting State may also be taxed in that other State provided that the tax so charged in that other State shall be reduced by 50 per cent.

3. For the purposes of this Article, profits from the operation of ships or aircraft in international traffic shall include profits derived from the rental on a bare boat basis of ships or aircrafts used in international traffic, if such profits are incidental to the profits to which the provisions of paragraphs 1 and 2 apply.

4. The provisions of paragraphs 1 and 2 shall apply to profits from the use or rental of containers (including trailers, barges and related equipment of the transport of containers) used for the transport in international traffic of goods or merchandise.

5. The provisions of paragraphs 1 and 2 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9

Associated Enterprises

1. Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other
Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State and taxes accordingly profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other state shall make an appropriate adjustment to the amount of tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting State shall if necessary consult each other.

3. The provisions of paragraph 2 shall not apply where judicial, administrative or other legal proceedings have resulted in a final ruling that by actions giving rise to an adjustment of profits under paragraph 1, one of the enterprises concerned is liable to penalty with respect to fraud, gross negligence or wilful default.

Article 10

Dividends

1. Dividends paid by a company which is a resident of a Contracting State to a resident or the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the dividends.

The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of these limitations.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

3. The term ‘dividends’ as used in this Article means income from shares or other rights participating in profits (not being debt-claims), as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the Contracting State, that other State may not impose any tax on the dividends paid by the company, except in so far as such dividends are paid to a resident of that other State or in so far as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company’s undistributed profits to a tax on undistributed profits, even if the dividends paid
or the undistributed profits consist wholly or partly of profits or income arising in such other State.

**Article 11**

**Interest**

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the Contracting State in which it arises and according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

   The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this limitation.

3. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purpose of this Article.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14, as the case may be, shall apply.

5. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether the person is a resident of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed base in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment or fixed base, then such interest shall be deemed to arise in the State in which the permanent establishment or fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

**ARTICLE 12**

**Royalties**

1. Royalties arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such royalties may also be taxed in the Contracting State in which they arise, and according to the laws of that State, but if the beneficial owner of the royalties is a resident
of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross
amount of the royalties.

The competent authorities of the Contracting State shall by mutual agreement settle the
mode of application of this limitation.

3. The term "royalties" as used in this Article means payments of any kind received as
a consideration for the use of, or the right to use, any copyright of literary, artistic or
scientific work (including cinematograph films and films, tapes or discs for radio or television
broadcasting), any patent, trade mark, design or model, plan, secret formula or process, or for
information concerning industrial, commercial or scientific experience.

4. The provisions of paragraph 1 and 2 shall not apply if the beneficial owner of the royalties,
being a resident of a Contracting State, carries on business in the other Contracting State in
which the royalties arise through a permanent establishment situated therein, or performs
in that other State independent personal services from a fixed base situated therein, and the
right or property in respect of which the royalties are paid is effectively connected with such
permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14,
as the case may be, shall apply.

5. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of
that State. Where, however, the person paying the royalties, whether that person is a resident
of a Contracting State or not, has in a Contracting State a permanent establishment or a fixed
base with which the right or property in respect of which the royalties are paid is effectively
connected, and such royalties are borne by such permanent establishment or fixed base, then
such royalties shall be deemed to arise in the State in which the permanent establishment or
fixed base is situated.

6. Where, by reason of a special relationship between the payer and the beneficial owner or
between both of them and some other person, the amount of the royalties, having regard to
the use, right or information for which they are paid, exceeds the amount which would have
been agreed upon by the payer and the beneficial owner in the absence of such relationship,
the provisions of this Article shall apply only to the last-mentioned amount. In such case, the
excess part of the payments shall remain taxable according to the laws of each Contracting
State, due regard being had to the other provisions of this Agreement.

that other State.

of a permanent establishment which an enterprise of a Contracting State has in the
other Contracting State or of movable property pertaining to a fixed base available to a

independent personal services, including such gains from the alienation of such a permanent
establishment (alone or with the whole enterprise) or of such fixed base, may be taxed in that
other State.

3. Gains of an enterprise of a Contracting State from the alienation of ships or aircrafts
operated in international traffic or movable property pertaining to the operation of such ships
or aircrafts, shall be taxable only in that State.

more than 50 per cent of their value directly or indirectly from immovable property situated

(a) if the individual has a fixed base regularly available in the other Contracting State for the purpose of performing the individual's activities; in that case, only so much of the income as is attributable to that fixed base may be taxed in that other Contracting State; or

(b) if the individual's stay in the other Contracting State is for a period or periods amounting to or exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned; in that case, only so much of the income as is derived from the activities performed in that other State may be taxed in that other State.

2. Where income in respect of personal activities exercised by an entertainer or a sportsperson in that person’s capacity as such accrues not to the entertainer or sportsperson but to another person, that income may, notwithstanding the provisions of Article 7, 14 an 15, be taxed in the Contracting State in which the activities of the entertainer or sportsperson are exercise.

**Article 18**

**Pensions and Annuities**

3. Notwithstanding the provisions of paragraphs 1 and 2, items of income of a resident of a Contracting State not dealt with in the foregoing Articles of the Agreement and arising in the other Contracting State may also be taxed in that other State.

Article 23

Elimination of Double Taxation

Double taxation shall be eliminated as follows:

(a) in Kenya, where a resident of Kenya receives income which, in accordance with the provisions of this Agreement, may be taxed in both Contracting States, then Kenya shall allow as a deduction from the tax on the income of that person, an amount equal to the tax paid in South Africa. Such a deduction, however, shall not exceed that part of the Kenyan tax, as computed before the deduction is given, which is attributable to the income derived from South Africa;
(b) in South Africa, subject to the provisions of the law of South Africa regarding the deduction from tax payable in South Africa of tax payable in any country other than South Africa (which shall not affect the general principle hereof), Kenyan tax paid by residents of South Africa in respect of income taxable in Kenya, in accordance with the provisions of this Agreement, shall be deducted from the taxes due according to South African fiscal law. Such deduction shall not, however, exceed an amount which bears to the total South African tax payable the same ratio as the income concerned bears to the total income.

**Article 24**

**Non-discrimination**

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Except where the provisions of paragraph 1 of Article 9, paragraph 6 of Article 11 or paragraph 6 of Article 12 apply, interest, royalties and other disbursements paid by an enterprise or a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

4. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

5. Nothing contained in this Article shall prevent South Africa from imposing on the profits attributable to a permanent establishment in South Africa of a company, which is a resident of Kenya, a tax at a rate which does not exceed the rate of normal tax on companies by more than five percentage points.

6. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

**Article 25**

**Mutual Agreement Procedure**

1. Where a person considers that the actions of one or both of the Contracting States result or will result for that person in taxation not in accordance with the provisions of this Agreement, that person may, irrespective of the remedies provided by the domestic law of those States, present a case to the competent authority of the Contracting State of which the person is a resident or, if the case comes under paragraph 1 of Article 24, to that of the Contracting State of which the person is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Agreement.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Agreement. They may also consult together for the elimination of double taxation in cases not provided for in the Agreement.

4. The competent authorities of the Contracting State may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs. The competent authorities, through consultations, shall develop appropriate bilateral procedures, conditions, methods and techniques for the implementation of the mutual agreement procedure provided for in this Article. In addition, a competent authority may devise appropriate unilateral procedures, conditions, methods and techniques to facilitate the above-mentioned bilateral actions and the implementation of the mutual agreement procedure.

Article 26

Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information as may be necessary for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions in so far as the taxation thereunder is not contrary to the Agreement, in particular for the prevention of fraud or evasion of such taxes. The exchange of information is not restricted by Articles 1 and 2.

2. The provisions of paragraphs 1 and 2 of this Article shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in any of the other States independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such a case, the provisions of Article 8 or Article 13, as the case may be, shall apply.

Provided that if the tax chargeable in any month is greater than the last payment of emoluments to the employee in that month, the employer shall deduct such amount of tax as is not recoverable from such payment from the first payment of emoluments in the following month and from any subsequent such payments as may be necessary to recover that amount.

8. (1) If an employee is aggrieved by a calculation with respect to the deduction of tax from his emoluments and is unable to reach agreement with his employer, then—

(a) the employer shall inform the employee of his rights under this rule and shall, at the request of the employee, furnish the employee with a written statement showing the manner in which the employer arrived at such calculation;

(b) the employee may give notice of objection in writing to the Commissioner, but any such notice shall be valid only if—

(3) The Commissioner shall forthwith notify the employer and the employee in writing of his decision on an objection and thereafter on the occasion of any payment to such employee in any month of, or on account of, emoluments the amount of tax deducted therefrom by the employer shall be in accordance with such decision.

(4) Notwithstanding that a valid objection has been made, on the occasion of any payment to the employee in any month of, or on account of, emoluments from which tax is to be deducted in accordance with these Rules, the amount of tax deducted by the employer shall be in accordance with the calculation by the employer until the employer is notified by the Commissioner of his decision with respect to the objection.

(3) The production of the return made by the employer under paragraph (1), and of the certificate of the Commissioner under paragraph (2), shall be sufficient evidence that the amount shown in the certificate is the amount of tax which the employer would have been liable to pay under rule 10 in respect of the month in question had he complied with the
provisions of these Rules and a document purporting to be such a certificate shall be deemed to be such a certificate until the contrary is proved.

(4) Where a notice given by the Commissioner under paragraph (1) extends to two or more consecutive months, these Rules shall have effect as if those consecutive months were one month.

(5) If the Commissioner is not satisfied that the amount paid in respect of a month is the full amount which the employer would have been liable to pay under rule 10 had he complied with these Rules, he may notwithstanding that an amount of tax has been paid by the employer under that rule in respect of that month give a notice under paragraph (1) of this rule and thereupon this rule shall have effect monthly.

Recovery of tax.

12. For the purposes of the recovery of tax which an employer would have been liable to pay under rule 10 had he complied with the provisions of these Rules, that employer shall be deemed to have been appointed an agent of his employee under section 96 of the Act.

13. Deleted by L.N. 84 of 2010, r. 3.

Change of employer.

16. Where there has been a change in the employer from whom an employee receives emoluments in respect of the same employment, the employer after the change shall, in relation to a matter arising after the change, be liable to do anything which the employer

   (a) that he is of good repute and financial standing;
   (b) that he is qualified under the law relating thereto to levy distress by way of
       attachment of movable property in execution of a decree of a court; and

       theft, damage or destruction by fire of any goods which may be placed in
       his custody by reason of the performance by him of his duties as a distraint
       agent.

4. (1) Every distraint agent shall, on appointment, furnish the Commissioner with
   security, by means of a deposit or in such other manner as the Commissioner
   may approve, in the sum of ten thousand shillings, and such security shall be
   refunded or cancelled on the termination of the appointment of the agent unless
   it is forfeited under this rule.
   (2) If any distraint agent is convicted of an offence involving fraud or dishonesty in
       connexion with any functions performed by him as such agent, the court by which he is
       convicted may make an order as to the forfeiture of the security furnished by him under

       Procedure Code, (Cap. 75) in so far as they relate to forfeiture of recognizances, shall apply

   (2) An order shall be executed by attachment of such goods of the distrainees as, in the
       opinion of the distrainor, are of a value which, on sale by public auction, would realize a sum
       sufficient to meet the distress debt and the costs and expenses of the distress incurred by the
       distrainor.
6. (1) Every order shall be issued by the Commissioner in duplicate and service thereof shall be effected by service by the distrainor of a copy of the order on the distrainee in person or, if after using all due and reasonable diligence, the distrainee cannot be found, by service of a copy on any agent of the distrainee empowered to accept service, or on any adult member of the family of the distrainee who is residing with him.

(2) Any person served with a copy of an order under this rule shall endorse on the order an acknowledgment of service and if such person refuses to make endorsement the distrainor shall leave the copy of the order with that person after stating in writing thereon that the person upon whom he served the order refused to sign the acknowledgment and that he left, at the time, date and place stated therein, a copy of the order with such person and the name and address of the person (if any) by whom the person on whom the order was served was identified, and thereupon the order shall be deemed to have been duly served.

(2) Where a room in a dwelling-house is in the actual occupancy of a woman who, according to her religion or local custom does not appear in public, the distrainor shall give notice to such woman that she is at liberty to withdraw; and after allowing reasonable time for her to withdraw and giving her reasonable facility for withdrawing he may enter such room for the purpose of attaching any goods therein, using at the same time every precaution consistent with these provisions to prevent their clandestine removal.

8. As soon as practicable after the attachment of any goods under these Rules, the distrainor or distraint agent shall—
   (a) issue a receipt in respect thereof to the distrainee;
   (b) forward to the Commissioner a report containing an inventory of all items attached, the value of each item as estimated by the distrainor or distraint agent, the address of the premises at which the goods are kept pending sale, the name and address of the distraint agent in whose custody the goods have been placed and the arrangements, if any, made or to be made for the sale by public auction of the goods on the expiration of ten days from the date of attachment.

9. On the sale by public auction of any goods attached under these Rules the distrainor shall cause the sale to be stopped when the sale has realized a sum equal to or exceeding the distress debt and the costs and expenses incurred by the distrainor, and thereupon any of the goods remaining unsold shall at the cost of the distrainee be restored to the distrainee.

10. Immediately after the completion of a sale by public auction of goods attached under these Rules, the distrainor shall make a return to the Commissioner specifying the items which have been sold, the amounts realized by the sale and the manner in which the proceeds of the sale were applied.

(2) Any sum paid by a distrainee under this rule shall be applied by the Commissioner first in settlement of the costs and expenses incurred by the distrainor and as to the balance, if any, in settlement of the distress debt or such part thereof as the Commissioner shall direct.

12. Where any goods attached under these Rules comprise or include livestock, the distrainor may make appropriate arrangements for the transport, safe custody and feeding of such livestock and any costs and expenses incurred thereby shall be recoverable from the distrainee under rule 9 or 11 of these Rules, as the case may be, as costs and expenses incurred by the distrainor.

13. In addition to a claim for any other costs and expenses which may be incurred by the Commissioner or the distrainor in levying any distress under these Rules there may be claimed by the distrainor and recovered under rule 9 or 11 of these Rules, as the case may be, costs at the rate specified in the Schedule to these Rules.

14. The maximum rates of remuneration which a distraint agent shall be entitled to demand from the distrainor for his assistance in executing a distress under these Rules, and which may be recovered by the distrainor under rule 9 or 11 of these Rules, as the case may be, shall be those specified in the Schedule to these Rules.
